Giant

TRUMPET

ALL YELLOW DAFFODILS

Division 1-A. Large trumpet daffodils with yellow trumpet and perianth.

AEROLITE. A garden daffodil of the very highest quality. Medium early and very long lasting; free flowering with good stems and foliage. The large flower is beautifully proportioned with medium yellow trumpet and primrose perianth of broad flat petals. 3 for 65c, 12 for \$2.40.

ALASNAM. An interesting early daffodil of the King Alfred type. The large trumpet flares out very widely producing a much different effect than any of the other varieties. Both the trumpet and broad heavy perianth are deep golden yellow. 3 for 55c, 12 for \$2.10.

BEN HUR. A flower of immense size and beautiful proportions. The pure golden trumpet is of the "loud-speaker" type and deeply frilled. Winner of the highest awards. Each 30, 3 for 80c, 12 for \$3.00.

DAWSON CITY. This is a beautiful self golden yellow daffodil of the very highest quality. Because of its splendid form and smooth substance it has won innumerable prizes in daffodil exhibitions. It is an excellent variety for both garden and cutting. Each 30c, 3 for 80c, 12 for \$3.00.

DIOTIMA. A flower of huge size (perianth 5 to 6 inches across) but nevertheless beautifully proportioned and gracefully carried on 2-foot stems. Considered by many experts as the very best of the new giant trumpets. The very broad perianth is somewhat star-shaped and deep primrose in color, the trumpet is golden yellow. Double nose bulbs, 50c each, 3 for \$1.40, 12 for \$5.00. Round bulbs, 40c each, 3 for \$1.10, 12 for \$4.00.

GOLDEN HARVEST. A new giant daffodil of extreme earliness—not only is it one of the largest daffodils in existence but it flowers even before Golden Spur. Well formed over-lapping perianth and well proportioned trumpet, rolled back at the brim. The whole flower is deep golden yellow. Each 30c, 3 for 85c, 12 for \$3.00.

HECTOR TREUB. A highly desirable golden yellow daffodil of the King Alfred type but later than that variety, thus prolonging the season. The flower is beautifully proportioned with broad overlapping petals and lasts very well. 3 for 50c, 12 for \$1.80.

KING ALFRED. The standard golden yellow daffodil that is used by the million by gardeners and florists the world over. It has large flowers of splendid substance, on strong tall stems produced by a plant of great vigor. If you do not have an ample supply of this fine daffodil, we hope that you will try Conley's Bulbs this year. We believe that you cannot buy King Alfreds of better quality anywhere. They are grown, harvested, graded and packed for you with extreme care and understanding—the knowledge gained by twenty years of daffodil growing. Jumbo mother bulbs, the largest and finest grade, often making 3 to 4 blooms per bulb, 3 for 70c, 12 for \$2.50, 100 for \$18.75. Double nose bulbs, 3 for 50c, 12 for \$1.80, 100 for \$13.50. Round bulbs, 3 for 40c, 12 for \$1.40, 100 for \$10.50.

FROM MEMPHIS, TENN.:

"The King Alfred bulbs you sent last year were the best I have ever purchased. May I compliment you on the high quality of your products."

Golden DAFFODILS

MINISTER TALMA. Almost as early as Golden Spur, but much larger and more vigorous. Excellent garden flower and one of the best daffodils for forcing. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

OLYMPIA. Very large flower with a most beautifully fringed trumpet of clear yellow. The gracefully twisted perianth is primrose. A vastly improved Emperor. 3 for 65c, 12 for \$2.40.

STATENDAM. An extremely large daffodil of very graceful proportions. Massive overlapping deep golden yellow perianth, large flaring well formed trumpet. Very vigorous grower. Each 50c, 3 for \$1.40, 12 for \$5.00.

WARWICK. The darkest yellow daffodil in the list. A King Alfred seedling, it has all the splendid qualities of its parent with even larger flowers of deep golden yellow. Very early. Each 30c, 3 for 80c, 12 for \$3.00.

WINTER GOLD. Each year this bright golden daffodil comes into full bloom long before most of the "early" daffodils are showing color. Plant a clump of them in a warm protected spot for the first real daffodil display of the season. The large flower has a bright yellow perianth and long frilled trumpet of deeper yellow. Each 30c, 3 for 80c, 12 for \$3.00.

BI-COLOR DAFFODILS

Division 1-C. Large trumpet daffodils having white perianths and trumpets colored yellow, primrose, lemon, etc.

JEFTA. A King Alfred seedling of pleasingly delicate color; creamy perianth and pale lemon trumpet. It is quite early. Each 50c, 3 for \$1.40, 12 for \$5.00.

AEROLITE

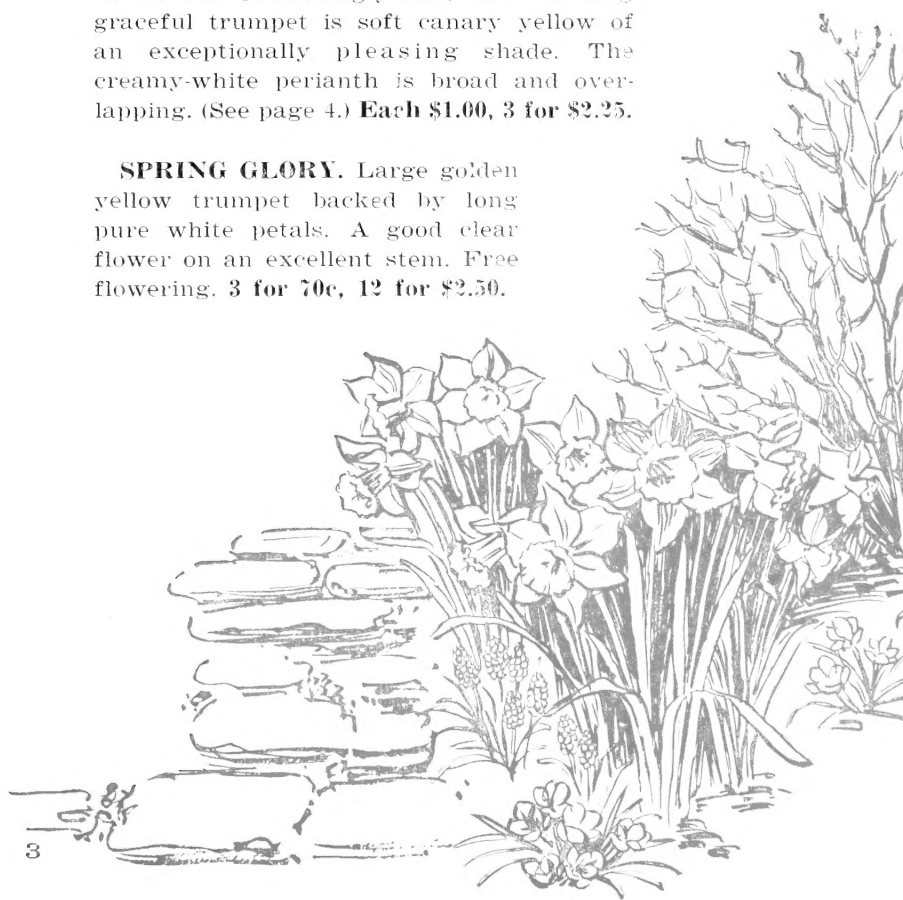

DIOTIMA

FROM McMinnville, Oregon:

"Last spring your daffodil 'Diotima' attracted no end of attention in my garden. They are grand. They were in full bloom for more than three weeks despite the fact that the weather was very unfavorable—rainy and cold."

SILVANITE. Bi-color daffodils are apt to look pretty much alike but here is a flower that is strikingly different. The long graceful trumpet is soft canary yellow of an exceptionally pleasing shade. The creamy-white perianth is broad and overlapping. (See page 4.) Each \$1.00, 3 for \$2.25.

SPRING GLORY. Large golden yellow trumpet backed by long pure white petals. A good clear flower on an excellent stem. Free flowering. 3 for 70c, 12 for \$2.50.

The Silver of Spring: WHITE

ALL-WHITE DAFFODILS

Division 1-B. Large trumpet varieties with white perianth and trumpet. The trumpet is often yellowish when it first opens.

In addition to the "white daffodils" listed below we wish to invite your attention to the beautiful Leedsii varieties. Many of these sorts have trumpets or cups as large as the "white daffodils" and are even more attractive.

BEERSHEBA. The most famous of the true white daffodils and deservedly so for it is a flower of exquisite beauty and grace. The whole flower is pure glistening white. The perianth is beautifully formed and as much as 5 inches across. The trumpet is long and narrow. Although it is a very early variety the parchment-like substance enables the flower to remain in good condition after many later varieties are gone. The plant is unusually vigorous and free-flowering. **Each \$1.25, 3 for \$3.40, 12 for \$12.00.**

CHINA CLAY. Another glistening pure white daffodil of the Beersheba pattern. Not quite as large as that variety but of even greater charm. The perianth is very smooth and even. The trumpet is long and narrow, nicely frilled at the rim. An exquisite flower for cutting or garden decoration. **Each \$1.80, 3 for \$13.20, 12 for \$48.00.**

ESKIMO. A beautiful exhibition flower of fine texture and form. The wide trumpet is pale primrose on first opening, the whole flower soon passing to an intensely pure white. A vigorous grower, flowering profusely, a beautiful garden plant. **Each \$3.00.**

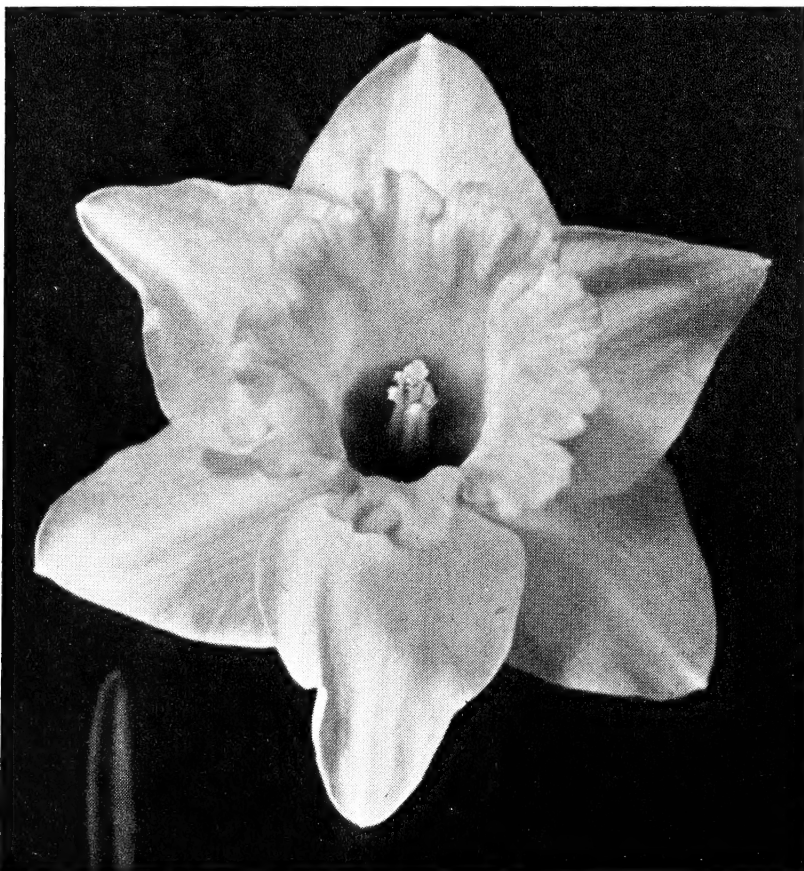

LA VESTALE. A very refined flower of beautiful form and large size. The trumpet is creamy yellow at first but after opening the entire flower becomes waxy-white. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

MRS. E. H. KRELAGE. This is the best known of the white daffodils, and because of its appearance is often called "the white King Alfred." As the flower opens it is really a pale bi-color changing later to a uniform ivory white. **Each 45c, 3 for \$1.25, 12 for \$4.50.**

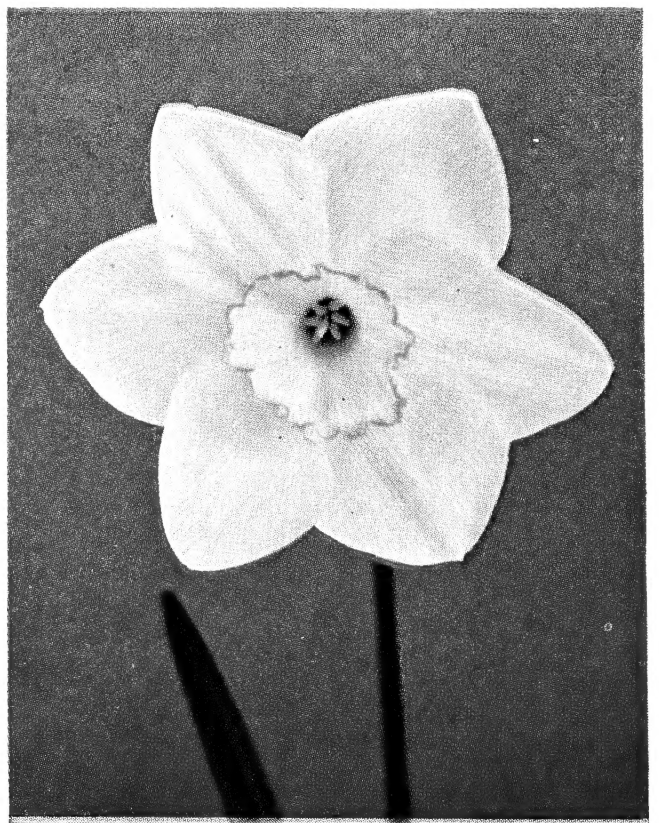

SILVANITE
(See page 3)

We always supply large double nose bulbs—the finest grade—unless we specify otherwise. This grade produces at least two flowers per bulb. Round bulbs give only one flower and naturally are not worth as much. It is very important to know the grade when buying bulbs.

LA VESTALE (TRUMPET)

HERA

DAFFODILS

PINK DAFFODILS

Since they are so entirely distinct from other varieties, we are placing these in a little group all their own. Mrs. R. O. Backhouse is officially a Leedsii but that is misleading for it is a large trumpet daffodil in shape.

MRS. R. O. BACKHOUSE. The famous "pink" daffodil. The long slender trumpet is apricot-pink changing to shell-pink at the deeply fringed edge. Informal ivory-white perianth. Although the whole flower has a delicately beautiful appearance it is really unusually long lasting. Double nose bulbs, each 90c, 3 for \$2.50, 12 for \$9.00. Round bulbs, each 75c, 3 for \$2.00, 12 for \$7.25.

ROSABELLA. A very attractive novelty. The color of the trumpet is a lovely shade of apricot-pink. In shape it is somewhat flaring and nicely frilled at the brim. The creamy perianth has a pleasingly informal appearance. Each \$6.50, 3 for \$17.85.

LEEDSII

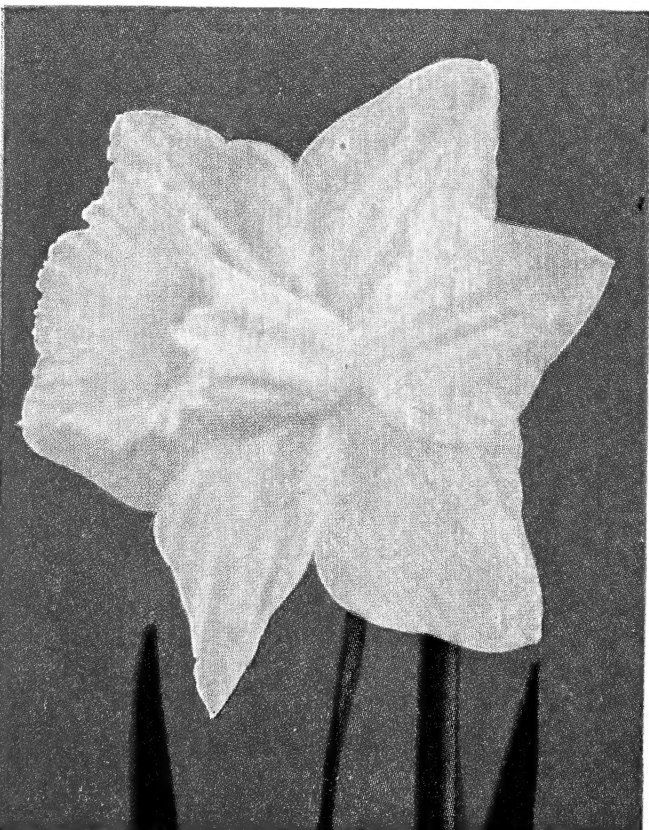

LARGE CUPS AND SMALL CROWNS

Division 4. White perianth and white or nearly white trumpets or cups. They range from Giant Leedsii's like Gertie Millar and Marmora to the small crown type like Mystic.

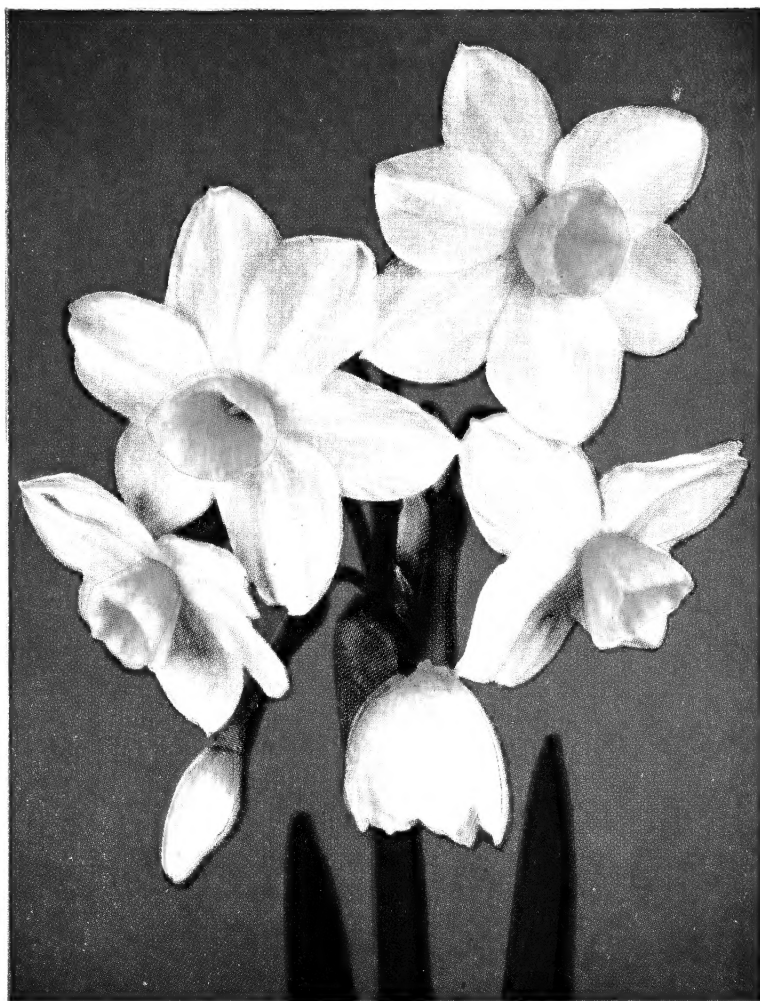

DELAWARE. This is one of our special favorites. It is a beautifully formed flower of large size. The large trumpet or cup is unusually deeply crinkled and of thick velvety substance. The cup opens a golden quince color and changes to creamy lemon. Pure white perianth. Delightfully fragrant. Each \$1.50, 3 for \$4.00, 12 for \$15.00.

GERTIE MILLAR, Another of the charming Giant Leedsii type that have trumpets as large as the large Trumpet division but are much more gracefully formed. Pure white perianth, pale primrose cup deeply fluted and frilled. Each 50c, 3 for \$1.40, 12 for \$5.00.

HERA. When this flower is fully developed it becomes a uniform clear white—a very lovely thing. Large broad petaled perianth, medium size cup, nicely frilled, edged with primrose on opening. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

BEERSHEBA

SILVER CHIMES

(See page 12)

MARMORA. An exhibition variety of the very highest class. The flowers are very smooth, of heavy, wavy texture. Broad, somewhat pointed perianth and nicely flanged crown—all of ivory-white. Tall growing and very free flowering. Each \$3.25, 3 for \$9.00.

MRS. NETTIE O'MELVENY. A fine tall-stemmed flower with large perianth of pure white, medium size cup of clear lemon-yellow with orange picotee. A delightful flower with more color in the cup than the other Leedsii narcissi listed here. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

MYSTIC. An exquisite flower obtained by crossing a Leedsii with a superb Poeticus seedling. It has a clear white broad perianth and large flat eye of white shading to cool green in the center and having a rim of clear pinkish orange. Tall vigorous grower. Late. Each \$2.00, 3 for \$5.50.

QUEEN OF THE NORTH. Broad glistening white perianth. Medium size lemon-yellow cup that is prettily fluted. A very attractive flower on a tall stem. 12 for \$1.50, 100 for \$11.25.

SILVER SALVER. Charming flower of purest white. Poeticus type perianth and flat eye of glistening white with a touch of emerald green. Each \$1.75, 3 for \$4.80.

SILVER STAR. One of the very loveliest daffodils and now most moderate in price. Broad creamy-white perianth with a beautifully ruffled wide mouthed trumpet just a shade deeper. Unusually free flowering. Double nose bulbs, 3 for 50c, 12 for \$2.10, 100 for \$15.75. Round bulbs, 3 for 45c, 12 for \$1.70, 100 for \$12.75.

TUNIS. A magnificent daffodil for the garden and an exhibition variety of much merit. Large long-lasting flowers on tall stems. Attractive tall foliage. Broad waved white perianth. Large expanded cup which opens primrose and changes to white with a well marked frill of coppery gold. Highly recommended for California as well as colder climates. Our stock of this variety is of very high quality. Double nose bulbs, each \$1.20, 3 for \$3.30, 12 for \$12.00. Round bulbs, each 95c, 3 for \$2.60, 12 for \$9.60.

WHITE NILE. A splendid white daffodil highly recommended both for cutting and for garden decoration. The large cup opens pale lemon but changes to almost pure white. Early. Each 50c, for \$1.35, 12 for \$5.00.

Brilliant Colors in Daffodils.

INCOMPARABILIS

Division 2. The cup or crown measuring from one-third to nearly equal the length of the perianth segments. The perianths are white or yellow and the cups yellow, yellow shaded with red or all red.

ADLER. This is an exceptionally attractive member of the "bright cups". It has a beautifully formed cup of chrome yellow shading to black-orange at the rim. The perianth is circular in outline and of the purest white. Each 75c, 3 for \$2.00, 12 for \$7.50.

BERNARDINO. Broad creamy perianth with fluted cup of soft yellow edged apricot. One of the most beautiful of the medium priced narcissi. Free flowering and good grower. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CARLTON. This immense all-yellow flower is one of our special favorites. The broad perianth and large gracefully frilled crown are soft clear yellow throughout. Very vigorous plant. A splendid variety for the garden, for exhibition, and for cutting. Each 30c, 3 for 85c, 12 for \$3.00.

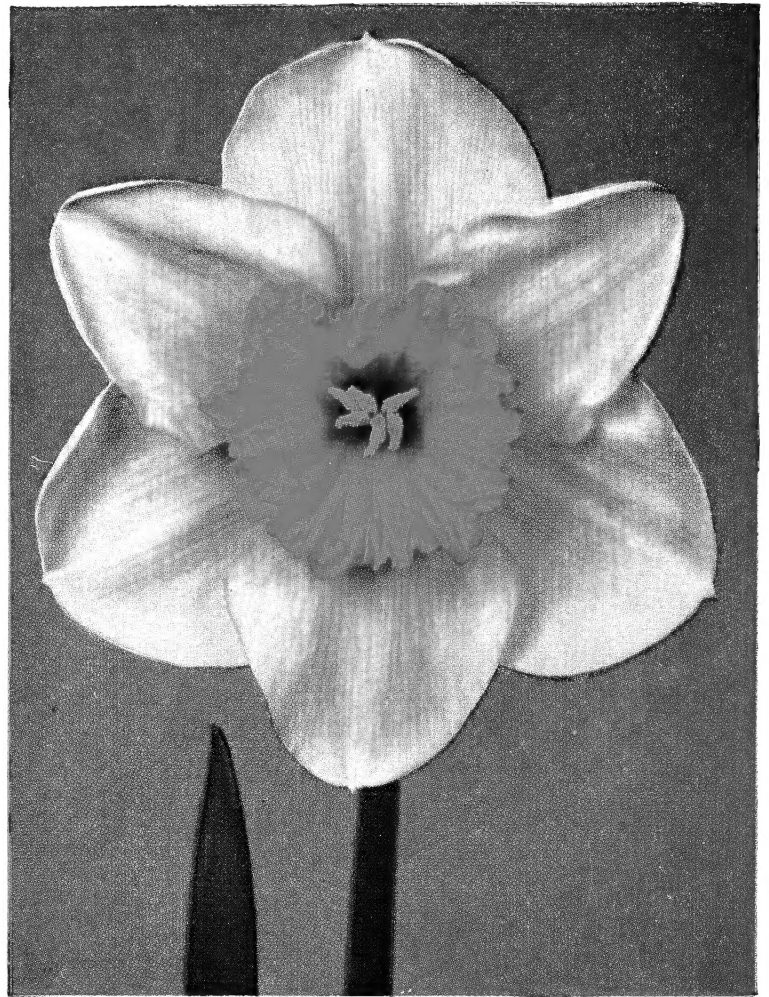

CROESUS. A very popular and desirable variety. Flat overlapping perianth of light canary yellow. Broad fluted cup of rich orange. Rather late. 3 for 50c, 12 for \$1.80.

DICK WELLBAND. This variety would stand out in any collection because of the brilliant contrast between the pure white perianth and the flame orange cup. The color of the cup lasts unusually well. This is a strong vigorous grower and very free flowering. A marvelous exhibition variety. Each 50c, 3 for \$1.40, 12 for \$5.00.

FORTUNE. This outstanding variety is sure to be immensely popular for many years to come. It has everything to make it popular as a garden plant and cut flower: extreme earliness, large size, tall strong stems, excellent substance and good coloration. The smooth flat perianth is rich golden yellow. The large cup is deep orange shading deeper toward the rim. Each 75c, 3 for \$2.00, 12 for \$7.50.

HELIOS

SCARLET LEADER

FRANCISCA DRAKE. A striking flower of brilliant color and unusual form. The petals which reflex somewhat are pure white tinted gold at the base. The large wide cup is flame-orange at the densely frilled edge, shading lighter to the base. Vigorous and free-flowering. Each 30c, 3 for 80c, 12 for \$3.00.

HELIOS. A splendid new all-yellow daffodil somewhat after the style of Sir Watkin but superior in all respects. Much larger flower of better substance on a longer stem. The cup is deep yellow shaded light orange as the flower develops. Very early. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

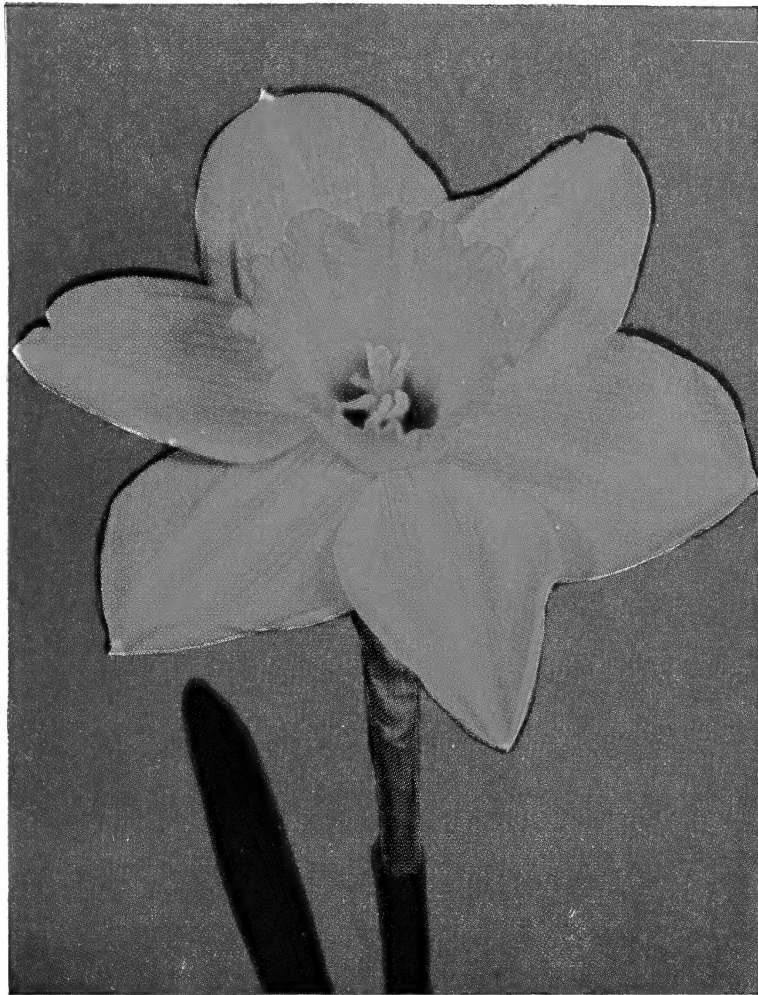

JOHN EVELYN. An outstanding variety even among a collection of new varieties because of the wide flat cup which is extremely frilled and fluted. The color of the cup is lemon-yellow tinted apricot. Pure white perianth of large size. One of the greatest daffodils. Each 30c, 3 for 80c, 100 for \$3.00.

KILLIGREW. This is one of P. D. Williams' remarkable seedlings that are noted for their high quality and perfect exhibition form. A beautiful smooth solid flower with bright yellow perianth and cup of brilliant deep tangerine orange. It holds its color better than most bright colored varieties. Each \$1.75, 3 for \$4.80.

MILFORD HAVEN. We believe this variety deserves increased popularity because it is one of the most attractive varieties in the lower price range. It is a vigorous, free flowering plant with tall stems and heavy foliage. The petals are creamy white, the cup is chrome-yellow at the base shading to rich orange-scarlet. 3 for 65c, 12 for \$2.40.

FOLINDRA. We consider this one of the most beautiful bi-color daffodils that we have even seen. The color is very clean and sharply cut, perianth of purest white, cup of uniform clear yellow. The flowers are very large on stems over 2 feet tall and are unexcelled for smooth texture and heavy substance. Each \$3.25, 3 for \$9.00.

LARGE RED AND YELLOW CUPS

WHITLEY GEM

SIR WATKIN. A very free flowering variety with splendid foliage and large flowers on good stems. The flowers have a primrose perianth and deep yellow cup. Excellent for naturalizing and for cutting. Large double-nosed bulbs. **12 for \$1.50, 100 for \$11.25.**

SCARLET LEADER. A spectacular variety because of its intense red cup which is very wide and flat. The perianth is pure white and perfectly flat and broad. Attracts much attention on exhibition or in the garden. **Each \$3.25, 3 for \$9.00.**

SHEHERASADE. A beautiful all-yellow flower with no trace of orange. The heavily frilled cup is pure chrome yellow, the broad perianth is citron. Splendidly proportioned flowers on very tall stems. **Each \$1.25, 3 for \$3.50.**

ST. EGWIN. A very distinct flower of exquisite quality. The large broad blossoms of clear cool soft yellow are beautifully proportioned and have a perfect silky smooth texture and remarkable substance. Very tall stems. Late midseason. **Each \$1.75, 3 for \$4.80.**

WALTER HAMPDEN. The exceptionally large flowers have bright primrose perianth and pure yellow trumpet with a tinge of orange in the frills. Very tall and outstanding. **Each 25c, 3 for 65c, 12 for \$2.40.**

WHITELEY GEM. This is a very valuable daffodil for the garden because it is the earliest of the red-cups—lengthening their season by about two weeks. It is a vigorous grower with large well-proportioned flowers on very tall stems. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

YELLOW POPPY. This variety, with its gentle coloring, makes a pleasing contrast with the bright orange and red cups. The large overlapping perianth is a pleasing shade of soft yellow. The medium sized cup is nearly the same shade with a narrow orange rim. Rather slender tall stems. Excellent for garden decoration and naturalizing. Especially good for naturalizing. **3 for 50c, 12 for \$1.80, 100 for \$13.50.**

PORTHILLY. One of the most striking of the yellow and red varieties. The large open cup is a marvelous shade, vivid orange-crimson, and beautifully frilled. The clear yellow perianth is broad and smooth. **Each \$2.00, 3 for \$5.50, 12 for \$20.00.**

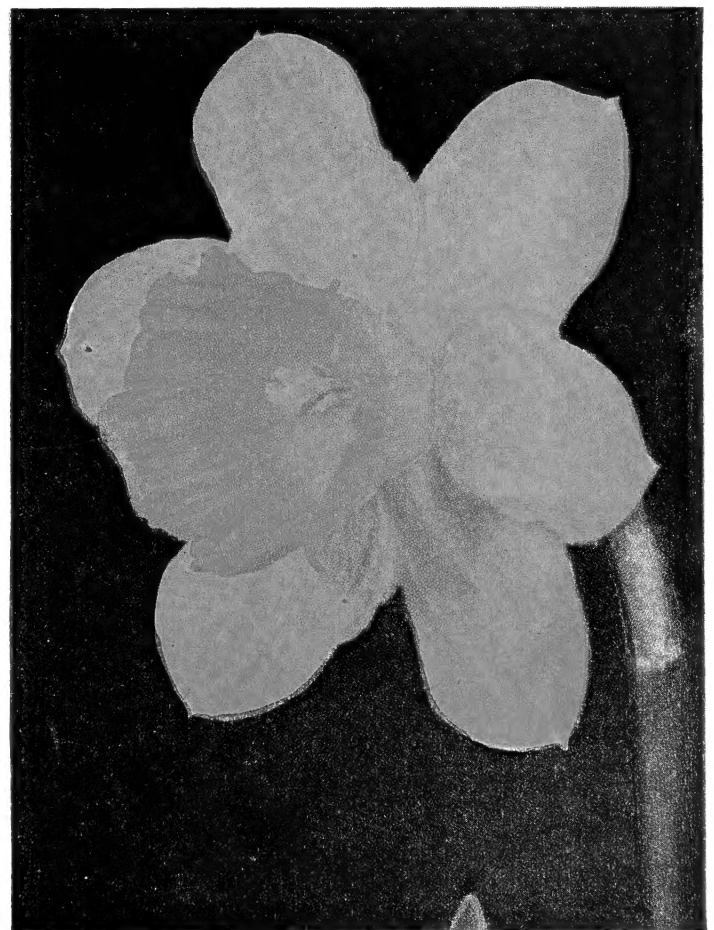

PYGMALION. Large perianth of pale citron and deep frilled trumpet of orange-yellow shading to blood-orange at the edge. The strong stems hold the large flowers well erect above the broad foliage. **Each 90c, 3 for \$2.50.**

RED CROSS. A very large strong flower that is famous throughout the daffodil world. Flat primrose perianth, large deep cup of orange-yellow shading to deep orange at the densely frilled edge. **3 for 80c, 12 for \$3.00.**

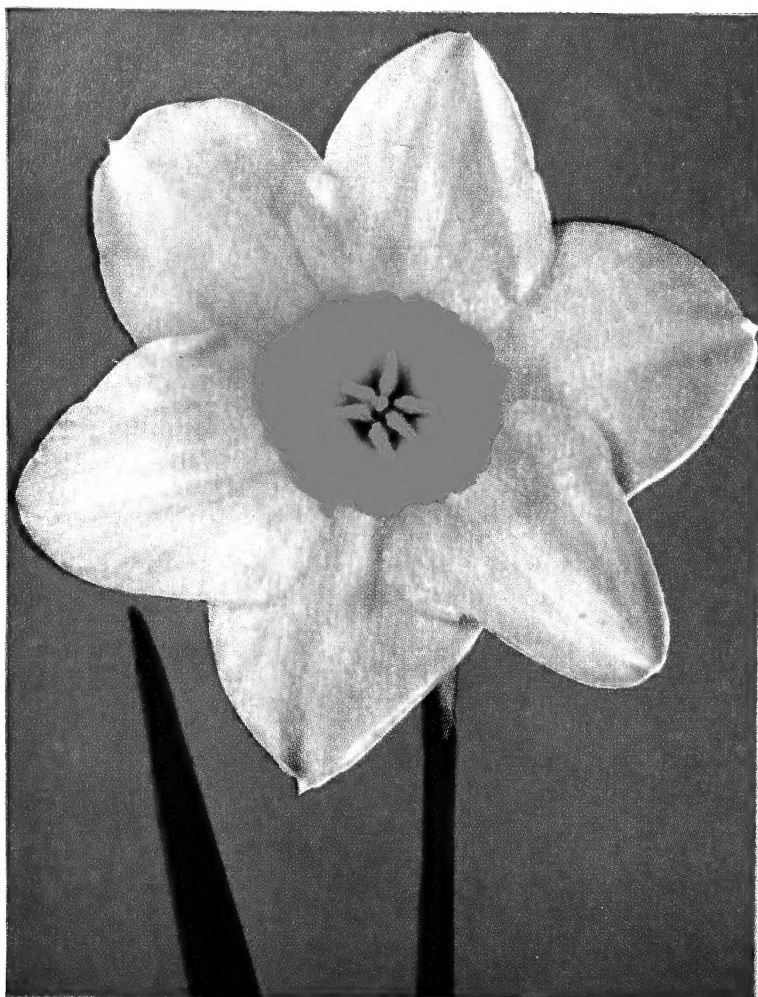

RED SHADOW. A superb exhibition flower, bold and attractive in appearance. The perianth is creamy-yellow and the cup is dark yellow with orange-red margin. One of the latest Incomparabilis varieties. **Each 30c, 3 for 80c, 12 for \$3.00.**

REWA. In a collection of hundreds of varieties this one attracted our immediate attention because of its distinct coloration and beautiful form. The perianth is pure white and much overlapping. The magnificent crown is very large and colored bright pinkish apricot. **Each \$4.75, 3 for \$13.00.**

RUSTOM PASHA. A large flower of most striking color. The cup opens dull orange and instead of fading deepens to vivid tangerine scarlet and holds up remarkably well. The large perianth is deep golden yellow. A vigorous growing variety with tall stems, it would be a prize for any garden. **Each \$6.50, 3 for \$18.00.**

FORTUNE

HADES

SHACKLETON. We especially like these late Barrii varieties because they prolong, by many days, the cheerful Narcissus season. If planted in a shady place, they are not only much later than normal but the color holds up better. This is a graceful variety of medium height. It has good sized flowers with broad white petals and broad shallow cup of deep yellow edged widely with bright orange-red. Sweet scented. 3 for 65c, 12 for \$2.40.

SUNSTAR. Another very late Barrii. Creamy white broad overlapping perianth, flat yellow cup with wide orange margin. A splendid vigorous plant with tall stems and good foliage. Each 35c, 3 for \$1.00, 12 for \$3.60.

Cyclamineus Hybrids

Division 6. Varieties derived from *N. Cyclamineus*. The perianth reflexes as in a Cyclamen.

FEBRUARY GOLD. Each year this bright golden flower heralds the new daffodil season for us. In addition to its earliness it is a charming sprightly flower with reflexing petals. The whole flower is bright clear yellow. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

BERYL. A lovely little Cyclamineus hybrid bearing graceful drooping flowers with primrose-yellow, slightly reflexing, perianth and small globular bright orange cup shading to gold; ideal for the rock garden and pots, height 8 inches. Each 60c, 3 for \$1.60, 12 for \$6.00.

MEDIUM CUP NOVELTIES

COLLECTION D-2

Lanarth (Jonquil Hybrid)

Gertie Millar (Giant Leedsii)

Adler (Bicolor Incomparabilis)

Hades (Red Cup Barrii)

Four outstanding varieties in the medium price range, each one a leader in its class. With Conley's top-size double nose bulbs these varieties will produce flowers that would be a joy to any gardener.

1 bulb each.....	\$ 2.50
3 bulbs each.....	7.00
12 bulbs each.....	25.00

The Smaller Red and Yellow Cups

BARRII

Division 3. Cup or crown less than one-third the length of the perianth segments. The colors are the same as the incomparabilis division. Many of them have cups of intense red. They are free flowering, hardy, and increase rapidly.

ALCIDA. A giant flower which has been a prize winner at shows in this country. Creamy yellow star-shaped perianth, broad yellow cup with blood-orange frill. Vigorous grower and wonderfully free flowering. Very late. 3 for 50c, 12 for \$1.80.

BATH'S FLAME. A fine strong growing variety with brilliant flowers on tall stems. Large perianth of bright yellow, deeper yellow cup edged orange scarlet. 3 for 50c, 12 for \$1.80.

DIANA KASNER. It is so unnecessary to use old inferior varieties when splendid kinds like this are now available at such low prices. Tall upstanding plants with long lasting flowers of great size. Pure white perianth and large fluted yellow cup with bright orange red frill. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ELLY NEY. We consider this one of the finest of the new Barrii. It has a broad glistening white Poeticus-type perianth. The cup is deep lemon-yellow with a frilled edge of deep blood-red. Each \$3.25, 3 for \$9.00.

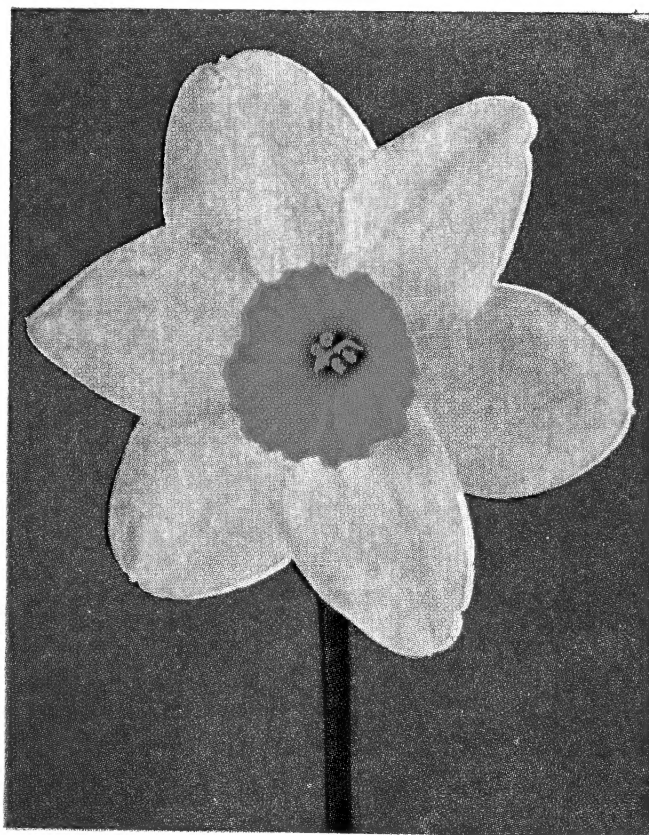

EDITH. A finely formed, pure white flower with a small yellow cup, edged crimson-red. Petals unusually broad and overlapping, forming perfect circle. One of the latest varieties. 3 for 80c, 12 for \$3.00.

FIRETAIL. A very popular flower wherever narcissi are grown. Broad petaled creamy-white perianth and flat cup of orange-scarlet. 3 for 80c, 12 for \$3.00.

HADES. The wide expanded cup is deep cherry-red, probably the deepest and darkest vivid red in daffodils. The color lasts exceptionally well. The large perianth is creamy white. A strong vigorous variety. Each 75c, 3 for \$2.00, 12 for \$7.50.

MAYFLOWER. One of the new Barrii-Poeticus hybrids with perianth of pure glistening white, broad overlapping petals, and yellow eye with red picotee; extremely tall; very striking; late blooming. Each 75c, 3 for \$2.00.

MRS. BARCLAY. A well formed flower with flat broad-petaled perianth which opens pale primrose, but becomes pure white. The deeply frilled cup is primrose-yellow with dainty orange picotee. This is an excellent garden variety, especially in partial shade and one of the standard varieties for exhibition. 3 for 65c, 12 for \$2.40.

ALCIDA

The Poet's Narcissus

POETICUS

Division 9. The True Poet's Narcissi. Pure waxy white perianth. The small flat eye or cup is yellow with red margin, or sometimes all red. They should be planted in a good deep soil and not reset more often than necessary. Partial shade and plenty of moisture are desirable.

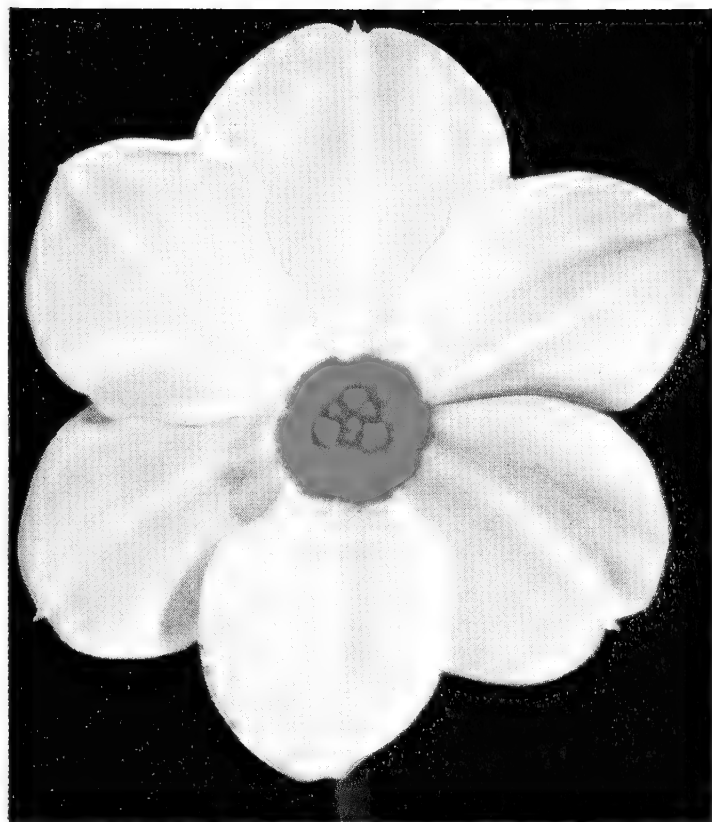

ACTAEA. Frequently called the largest Poeticus in existence. A most beautiful exhibition flower. Broad snow-white perianth of great substance, large flat eye broadly margined with dark red. 3 for 50c, 12 for \$1.80.

GLORY OF LISSE. Large snowy white perianth of heavy texture. Cup yellow edged red. An improved Poeticus Ornatus. 12 for \$1.00, 100 for \$7.50.

HORACE. Large star-shaped perianth of broad gleaming white petals. Flat red eye. Graceful and free blooming. 12 for \$1.20, 100 for \$9.00.

RECURVUS. The old-fashioned Pheasant's Eye. Perianth pure white somewhat reflexing. Small orange-red cup. Fine for massing in borders or grass. Very late. 12 for \$1.20, 100 for \$9.00.

SNOW KING. A winner of many prizes and awards as it is a poet's narcissus of the highest quality. Unusually broad glistening white petals; cup with broad red edge. Tall strong stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

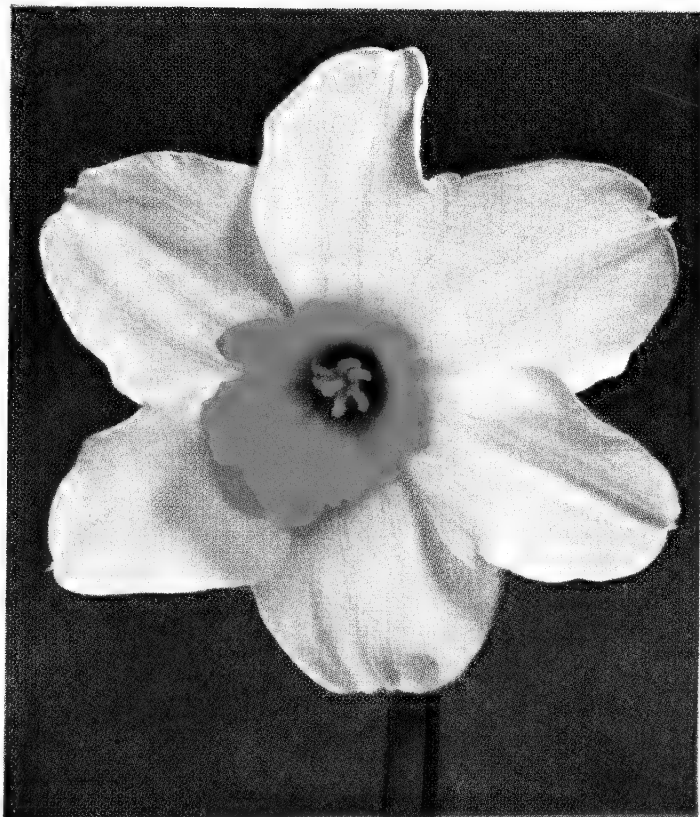

ACTAEA

FROM SANTA MARIA, CALIF.:

"Bulbs bought of you last year produced magnificent blossoms. In many cases two or three blooms per bulb."

Conley's DOZEN DAFFODIL COLLECTION

Collection D-3

MILFORD HAVEN

That this collection is the source of much pleasure to our customers is shown by the large number of letters we receive praising it. We think you will be enthusiastic about it too if you try it. Not only will the collection provide your garden and home with a profusion of beautiful flowers, but it will be very informative to those who are unfamiliar with names and classes. It consists of 12 excellent varieties representing all the classes. By growing these bulbs in your own garden you will become acquainted with each type's distinctive beauty and fragrance.

King Alfred (Yellow Trumpet)
Helios (Yellow Incomparabilis)
Milford Haven (Bicolor Incomparabilis)
Queen of the North (Small cup Leedsii)
Silver Star (Giant Leedsii)
Bath's Flame (Yellow Barrii)
Diana Kasner (Bicolor Barrii)
Odorus Campernelle (Jonquil)
Golden Sceptre (Jonquil Hybrid)
Elvira (Poetaz)
Horace (Poet's Narcissus)
The Pearl (Double)

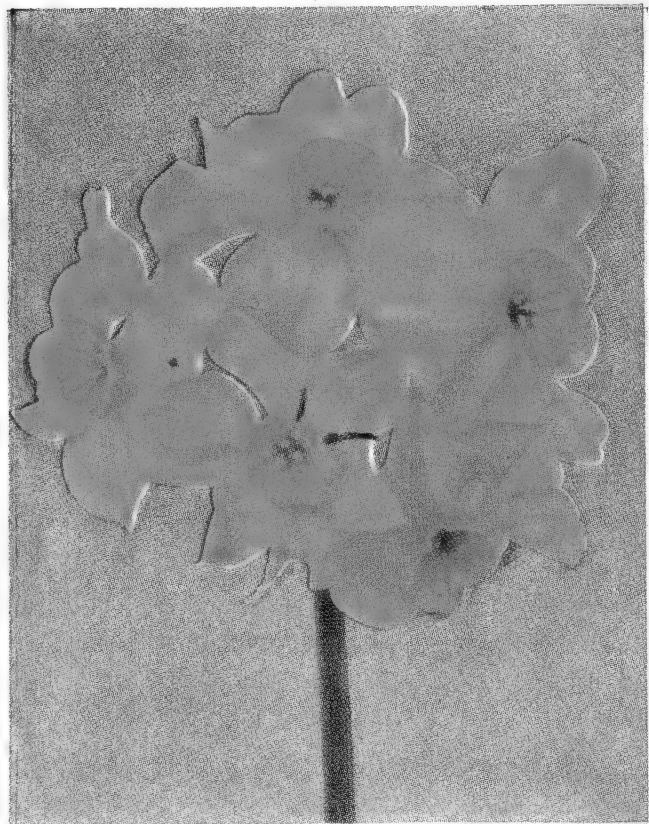

We reserve the right to substitute similar varieties of equal or greater value if any of these varieties are sold out.

3 bulbs each—	36 bulbs.....	\$ 5.00

100 bulbs each—	1200 bulbs.....	135.00
All large double nose bulbs. Postpaid.		

GOLDEN PERFECTION

ODORUS ORANGE QUEEN. Outstanding for its intense golden-orange color. The flowers, two or three on a stem, are produced in lavish profusion. A delightful variety, rather low growing, for the garden or for cutting. Jonquil fragrance. 3 for 50c, 12 for \$1.80.

KLONDYKE

The Fragrant and Cluster-Flowering GOLDEN JONQUILS

Division 7. Here are the true jonquils—delightfully fragrant deep yellow flowers in clusters with nearly round “rush-like” foliage. The flower stem is round while the stems of the daffodils and narcissi are somewhat flattened. Superb for naturalizing and the smaller ones are fine for the rock garden. Some of the hybrids have trumpets like the large daffodils with jonquil color and fragrance.

GOLDEN PERFECTION. Of all the self-colored yellow narcissi, this is certainly one of the finest. The flowers are large in size with one to three on a stem—usually two. The stems are strong and amongst the tallest. The bright golden blossoms are beautifully proportioned and last a long time. The price is greatly reduced this year. Each 40c, 3 for \$1.10, 12 for \$4.00.

GOLDEN SCEPTRE. Another attractive hybrid of a single jonquil and large daffodil. It has the color and fragrance of the jonquil with a daffodil-like trumpet. Tall stem and attractive foliage. Wonderfully free flowering. The first blooms come quite early followed by secondary stems that result in the flowering period being longer than almost any narcissus in our plantings. Sometimes two flowers on the stem. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

JONQUILLA FLORE PLENO (Queen Anne's Double Jonquil). A dainty low growing variety having heads of fully double flowers like tiny yellow roses. One of the very latest narcissi. True jonquil fragrance. Give it a protected spot in your garden. 3 for 40c, 12 for \$1.50.

LANARTH. A very attractive hybrid that is splendid both for the garden and for exhibition. It has won the highest awards for both purposes. The broad perianth is rich gold, the shallow crown is golden orange. Very tall stems. Each 75c, 3 for \$2.00, 12 for \$7.50.

ODORUS CAMPERNELLI (Single Campernelle Jonquil). Two to four beautiful bright yellow flowers on a tall round stem. Delightfully fragrant. Foliage erect and rush-like. Makes very attractive clumps for the border. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ODORUS CAMPERNELLI PLENUS (The Double Campernelle Jonquil). A splendid variety bearing heads of deep yellow double flowers on tall stems. Rich green rush-like foliage. Delightfully fragrant. Like the other campernelles it is much better when not dug for two or three years. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

POETAZ NARCISSI

Division 8. Hardy bunch-flowering hybrids of Poeticus Ornatus and Polyanthus Narcissi such as Soleil d'Or. Tall vigorous growers, bearing heads of large, well-formed fragrant flowers. Excellent garden flowers and very early forcers.

CHEERFULNESS. See double narcissi.

ELVIRA. Three or four large flowers with white petals and yellow cup, edged orange. The flowers are held erect on a strong tall stem with good foliage, making it a very effective variety for garden decoration. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GLORIOUS. A very fine outstanding flower. Each tall stem bears two or three very large flowers with broad poeticus type perianth and orange-scarlet eye. Particularly recommended for partial shade. Each 45c, 3 for \$1.20, 12 for \$4.50.

KLONDYKE. One of the finest yellow poetaz. Four to seven large flowers in the cluster. Rich yellow perianth and darker cup. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ORANGE CUP. This variety has large clusters of attractive florets which have soft yellow perianths and orange-red cups, much frilled. Like so many of the “red cups”, the color lasts better in shade. 3 for 55c, 12 for \$2.00.

CANALICULATUS. A dainty little polyanthus narcissus suitable for sunny situations in the rock garden. Tiny heads of three or four florets on 6-inch stems. White perianth and globular yellow cup. Sweetly scented. Grows very easily and increases rapidly. 12 for \$1.20, 100 for \$9.00.

THE DOUBLES

New and Distinctive

Division 10. Full double flowers of white, cream and yellow in a variety of attractive forms.

CHEERFULNESS. The double Elvira. Very symmetrical double flowers in clusters of three or four. The longer white petals are interspersed with creamy-yellow. Strong tall stems. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

IRENE COPELAND. Beautiful blossoms made up of alternate layers of pure white and primrose. The very large and fully double flowers have an entirely distinct appearance. Strong rigid stems. Double nose bulbs. Each 70c, 3 for \$2.00, 100 for \$7.20.

MARY COPELAND. One of the most famous of the new semi-double type. The longer petals are pure creamy-white, interspersed with shorter petals of lemon and brilliant orange, giving a three-color effect. Deliciously fragrant. Each 50c, 3 for \$1.35, 12 for \$5.00.

ROYAL SOVEREIGN. We consider this an especially attractive and graceful double—quite lacking in the stiffness of some varieties. The creamy-white longer petals are interspersed with short crinkled petaloids of soft primrose yellow. Each 75c, 3 for \$2.00.

THE PEARL. A graceful flower of creamy-white interspersed with some petals of sulfur-yellow. We sell thousands of the bulbs yearly for it is in great demand both for garden decoration and for cutting. 12 for \$1.50, 100 for \$11.25.

TEXAS. Giant flowers of bright yellow interspersed with brilliant orange. The stems are tall and the whole plant shows great vigor. Each \$1.00, 3 for \$2.75, 12 for \$10.00.

TWINK. A splendid double that should be in every collection. It is of the semi-double type with longer petals of soft primrose and inner petals of clear orange. Very early and long lasting. The large flowers are well supported by tall strong stems. Each 30c, 3 for 80c, 12 for \$3.00.

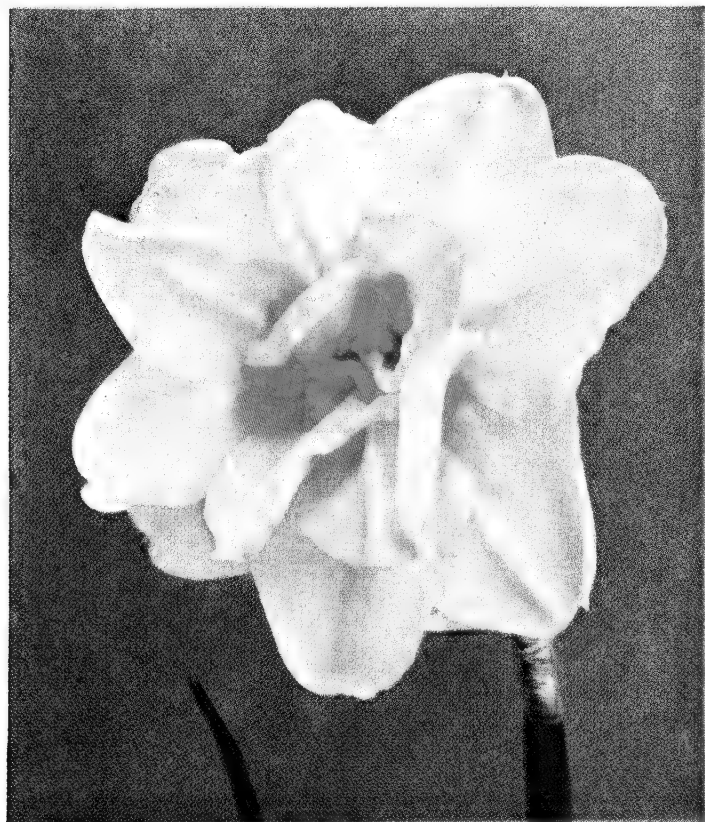

TEXAS

DOUBLE DAFFODIL COLLECTION Collection D-4

We think that you will like these unusual double daffodils. Certainly visitors to our plantings enthuse about them. Each one is entirely distinct from the others.

Irene Copeland, Texas, Royal Sovereign,
Mary Copeland.

One bulb each	\$ 2.75
Three bulbs each	7.50
Twelve bulbs each	27.50

MARY COPELAND

THE PEARL

EXHIBITION DAFFODIL COLLECTION

Collection D-1

Six of the finest varieties available to gardeners today. They would win prizes in any exhibition, and would give an air of distinction to any garden.

Rustom Pasha (Yellow and red Incomparabilis)

Palindra (White and yellow Incomparabilis)

Rosabella (Pink trumpet)

Marmora (Giant Leedsii)

Rewa (White and apricot Incomparabilis)

Elly Ney (Bicolor Barrii)

One bulb each for \$25.00, three bulbs each for \$68.75.

TRIANDRUS HYBRIDS

Division 5. All varieties which are obviously derived from *N. triandrus*. Of very graceful habit with flowers that are more or less drooping.

PEARLY QUEEN. Each stem bears two or three flowers with star-shaped creamy white perianth and short smooth trumpet of lemon yellow. The distinct pearly sheen provides the name. The drooping flower clusters are freely produced. The charming blossoms are delightful in flower arrangements. 3 for 50c, 12 for \$1.80, 100 for \$11.25.

SHOT SILK. A charming triandrus hybrid, the best of the class. The perianth and long narrow cup are uniform creamy white, of better substance than *Thalia*. Usually three flowers on a stem. Each \$1.50.

SILVER CHIMES. This outstanding flower has been the winner of innumerable prizes in the small-cupped Triandrus Hybrids division. It is a hybrid of a triandrus with a tazetta and frequently produces heads of six or eight flowers with pure white perianth and very pale primrose cup. It grows remarkably well on the Pacific coast and other mild parts of the country. For colder climates it makes a beautiful plant to grow in a cool greenhouse. Each \$2.00, 3 for \$5.00.

THALIA. Each stem bears two to four flowers of purest white, arranged in a beautiful cluster. It is one of the most exquisite things in our entire catalog. Each 40c, 3 for \$1.15, 12 for \$4.20.

TAZETTA OR POLYANTHUS NARCISSI

Division 8. Bunch flowering narcissi used so extensively for forcing in water and fibre.

CHINESE SACRED LILY. Large clusters of white flowers with yellow cups. Each bulb produces several spikes of the fragrant flowers. Very easily grown in bowls of pebbles, or fibre, and water. 3 for 40c, 12 for \$1.50.

GRAND SOLEIL D'OR. This variety has been extensively used for forcing but its usefulness out of doors has been too often overlooked. It is as hardy as many of the daffodils. Large clusters of dark yellow flowers with bright orange cups. Tall growing and vigorous. Healthy home grown bulbs. 3 for 40c, 12 for \$1.50, 100 for \$10.00.

PAPER WHITE NARCISSUS. The most popular bulb for forcing in water. Large clusters of pure white, fragrant flowers. Fine large round bulbs that should give splendid satisfaction. 3 for 35c, 12 for \$1.20.

Assorted Narcissi-Daffodils for Naturalizing and Cut-Flowers

This splendid collection of the different types of daffodils shows the wonderful diversity of form, size, color and fragrance to be found in this much beloved flower. During the past years, we have sold thousands of these assortments and in many instances it caused the customers to become daffodil enthusiasts. This is a hand-made mixture ranging from large trumpets like King Alfred through the different types of medium cups, cluster-flowering narcissi, jonquils and Poet's narcissi. Each year as the stocks become more plentiful new varieties are included in the assortment. Large double-nose bulbs. 12 for \$1.35, 100 for \$10.00, 1000 for \$90.00. Large round bulbs, 12 for \$1.10, 100 for \$8.00, 1000 for \$72.00.

HYACINTHS

for Beauty and Fragrance

It is good to again be able to offer hyacinth bulbs in large quantities and the finest varieties. However, American gardeners have been so starved for hyacinths the last few years that we anticipate a tremendous demand and it would be wise to order as early as possible.

These choice hyacinths are offered in two sizes. Bedding size and Exhibition size. The Bedding size (15-16 cms) is an excellent grade for planting in beds and borders as the flower stems are not so top heavy and stand up better in bad weather. This size is also very satisfactory for forcing in pots or hyacinth glasses. The Exhibition size is the very largest grade (19 cms and larger) of hyacinth bulbs and makes magnificent flower spikes. If you want the largest and showiest blossoms, plant Conley's Exhibition Hyacinths—there are none better.

The following list contains what we believe are the best of all the varieties as judged by size, color, stem and substance.

WHITE

ARENTINE ARENSEN. (Albatross). Long spikes of large snowy white bells. Early.

L'INNOCENCE. This is still one of the most satisfactory pure white hyacinths for all purposes. The bells are large and well placed on the strong stem.

PINK

IMPERATOR. Pleasing pure rose shading deeper to the center of the bells. Extra fine spike.

LADY DERBY. Beautiful light rose-pink. Large florets of good substance not too closely packed on the tall stem.

LA VICTOIRE. Bright deep carmine-rose. A very early variety of striking color. It forces easily either in water or soil.

PRINCESS MARGARET. Very large bells of clear soft pink in a large perfectly formed truss.

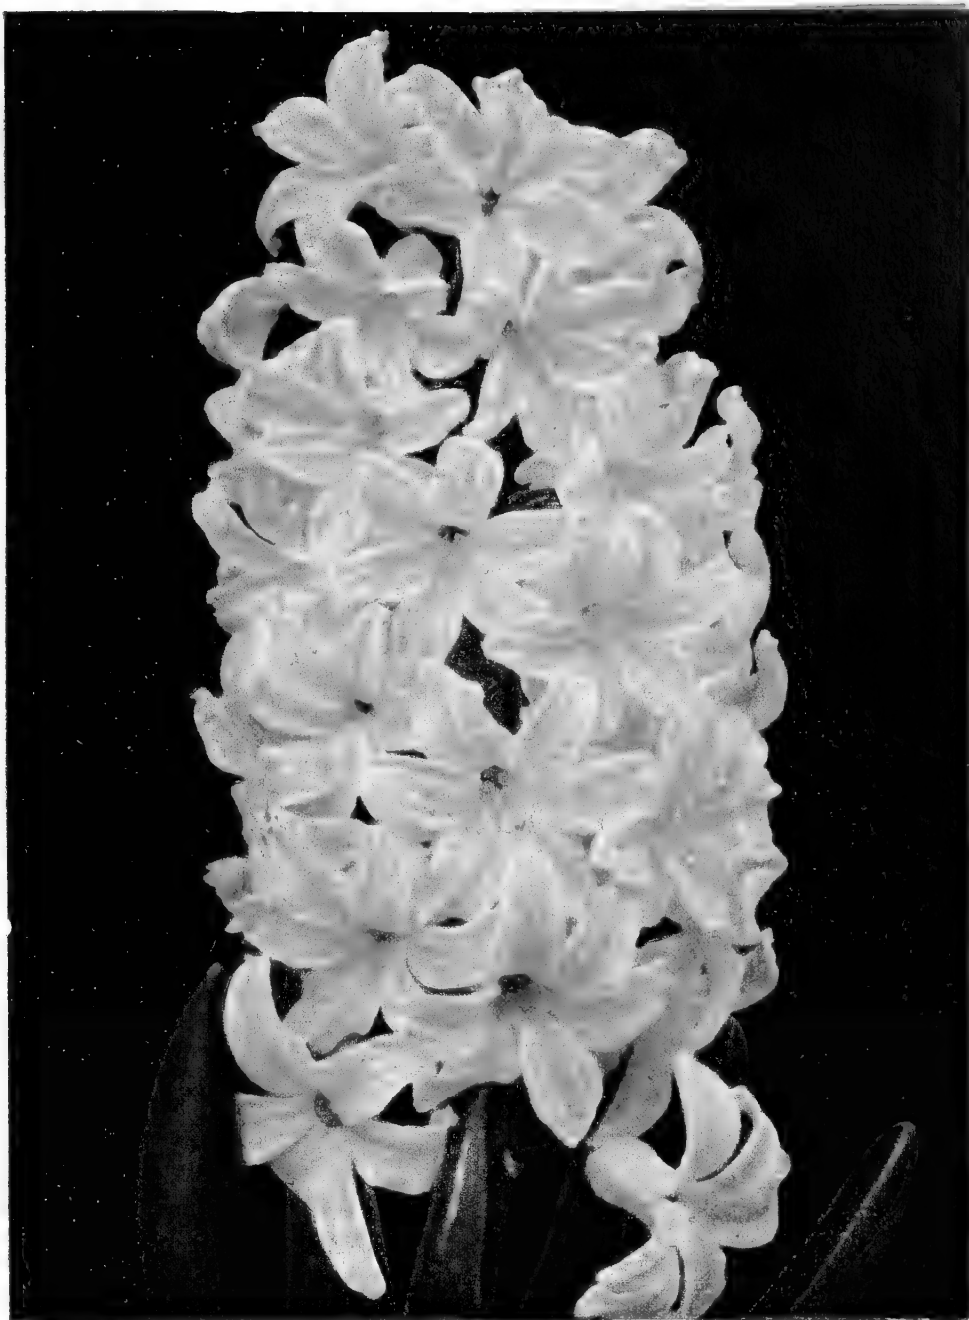

BLUE

BLUE DANUBE. Azure-blue flowers of great size produced by a plant of much vigor with deep green foliage. An extra choice novelty.

DUKE OF WESTMINSTER. Large deep purple-blue bells with white centers on strong stems. We think this is the most beautiful of the dark blue varieties.

GRAND MAITRE. The favorite medium blue hyacinth. Deep lavender-blue florets on a harmonizing dark stem.

MYOSOTIS. A light blue hyacinth of enchanting loveliness—it was the most admired variety in our plantings this year. The large bells are soft forget-me-not blue.

HYACINTH LADY DERBY

YELLOW

CITY OF HAARLEM. The best of the yellow varieties. Well formed trusses of deep yellow turning light yellow.

LILAC

KING OF THE LILACS (Syringa). Fine tall spikes of true lilac color. An attractive novelty.

Prices of the above varieties separately or mixed:

EXHIBITION SIZE (19 cms & larger). Each 45c, 3 for \$1.25, 12 for \$4.50.

BEDDING SIZE (15-16 cms). Each 25c, 3 for 70c, 12 for \$2.40, 100 for \$18.00.

HYACINTH COLLECTION

3 each of the above 12 varieties (36 bulbs)

Exhibition size \$14.25. Bedding size \$7.80.

5 each (60 bulbs) Exhibition size, \$22.50, Bedding size \$12.00.

10 each (120 bulbs) Exhibition size \$42.75. Bedding size \$22.20.

PINK TULIPS-*Enchanting Shades*

DARWIN

ADORATION. Clear soft pink shading lighter at the edges, white center, very lovely. (29 inches). 3 for 45c, 12 for \$1.65, 100 for \$12.40.

ARISTOCRAT. A noted authority rates this as one of the three best new tulips—the other two being Charles Needham and Golden Harvest. It is blush pink darker at the midrib and lighter at the edges. The large flowers have a rather elongated form and carry themselves in a most stately manner on tall strong stems. Certainly this is a real aristocrat among the tulips. 3 for 70c, 12 for \$2.50.

CAROLINE TESTOUT. Named for the well-known rose, it is a most beautiful clear soft rose-pink tulip. Perfect shape and long lasting quality. (30 inches). 3 for 45c, 12 for \$1.65, 100 for \$12.40.

CLARA BUTT (3). No other tulip is held in such deep affection by garden lovers the world over as the lovely soft pure pink Clara Butt. It should be in every garden. The medium size flowers are perfect for cutting. Since this variety is so free flowering we are listing a size smaller than our usual top-size grade. First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

KATHLEEN PARLOW. A silvery rose-pink tulip of exquisite beauty. The shade is lighter at the edges and inside the flower. Large white base. (30 inches). 3 for 45c, 12 for \$1.65, 100 for \$12.40.

LADY HILLINGDON. Named for the beautiful rose it resembles, this beautiful tulip is orange with shadings of buff—a color not heretofore found in Darwin Tulips. Tall slender stem. (27 inches). 3 for 50c, 12 for \$1.80, 100 for \$13.50.

MADAME KRELAGE (2). Large cup-shaped flowers of rose pink slightly tinged lilac and margined with pale silvery rose. Inside soft rose pink. (28 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

MR. VAN ZIJL. Seldom have we been as delighted with any new tulip as with this splendid variety. Soft luminous rose-pink shading silver-white at the margins. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PRIDE OF ZWANENBURG. This splendid new pink tulip will be very popular when it becomes known. The color is an enchanting shade of salmon-rose. Immense flowers on high stems. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PRINCESS MARY. Brilliant rose-pink, silvery edged, with white base. The large flowers are very graceful having a somewhat elongated form. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

ROSE COPELAND (1). This is the beautiful soft rose-pink sport of Wm. Copeland. It has usually been reserved for forcing and is only beginning to be known as a garden tulip. The flowers are very large and well formed on unusually good stems. One of the earliest Darwins either for forcing or out-of-doors. (25 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

THE PEACH. Large beautiful pink flowers of a most delicious peach-like shade. It is an early variety that is unusually long lasting. (27 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

VENUS (2). A tulip with many splendid qualities. The color is pure silvery rose—a lovely shade of pink. The flowers are large and of good substance. The stems are tall and strong. (32 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

COTTAGE

BARBARA PRATT (3). This beautiful pink tulip has long been a great favorite of ours. The cherry-pink color seems to be illuminated with yellow light. The outer petals reflex slightly. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

DIDO (2). Of all the tulips we grow few attract more attention than this splendid variety. The color is a very appealing combination of rich orange-rose with shadings of salmon and orange-yellow. The substance is so good that the large flowers last unusually long. Good strong stems. (32 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

INGLESCOMBE PINK (2). Soft rosy pink flushed salmon, changing to rose when in full bloom. A splendid cut flower. Very free flowering. (28 inches.) First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

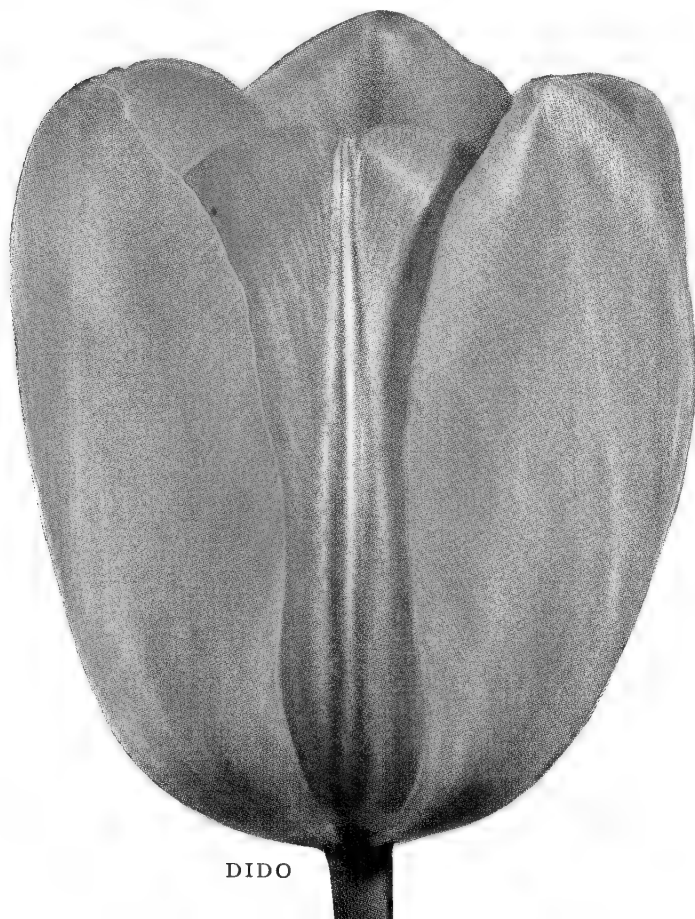

MARCELLINA (Lily flowering). See page 22.

MARJORIE BOWEN (3). One of the lovely blends that make the new hybrid tulips outstanding. Deep rose pink with salmon shading, inside gorgeous orange with clear yellow base. (28 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

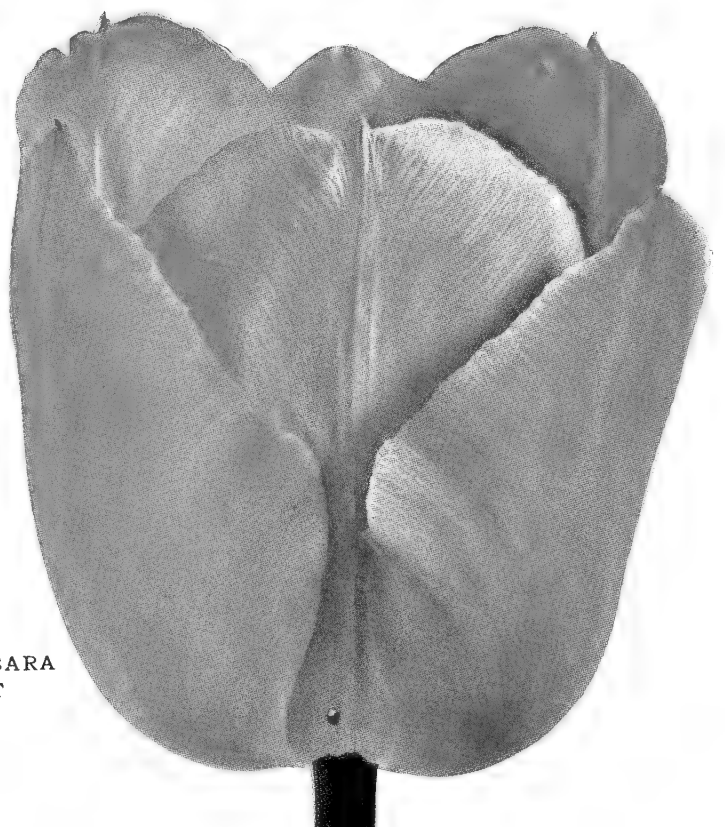

OSSIE OSWALDA. One of the so-called "Chameleon Tulips," it opens creamy white with pink picotee edges. After a few days the whole flower becomes suffused with rose-pink. When fully mature, it is a clear rose shade. (26 inches.) 3 for 50c, 12 for \$1.80, 100 for \$13.50.

PICOTEE (Maiden's Blush) (3). Opens pure white. Later the gracefully reflexing petals become beautifully margined and penciled with bright pink. An especially charming cut flower.

QUEEN OF SPAIN. Quite unique is this lovely cream colored flower with shadings and stippings of pink. The stems are slender but strong. The blossoms have excellent substance. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

Pure Colors and Blends

Conley's Ten Trustworthy Tulips Collection T-1

Here are ten varieties of tulips that have stood the test of time in gardens throughout the world. Every one is a dependable vigorous sort that can be trusted to produce good flowers wherever tulips can be grown. All bulbs are Conley's top-size grade.

Clara Butt—Pink Darwin
Rev. Ewbank—Lavender Darwin
Farncombe Sanders—Red Darwin
King Harold—Dark red Darwin
Inglescombe Yellow—Cottage
Avis Kennicott—Yellow Cottage
Zwanenburg—White Darwin
Inglescombe Pink—Cottage
Louis XIV—Breeder
Bronze Queen—Breeder

6 each—	60 bulbs.....	\$ 6.50
12 each—	120 bulbs.....	12.50
25 each—	250 bulbs.....	24.75
100 each—	1000 bulbs.....	93.75

CLARA BUTT

MIXED DARWIN TULIPS

This excellent mixture is made up of a large number of splendid varieties in a wide range of beautifully blending colors. Top size bulbs, 12 for \$1.35, 100 for \$10.00. Strong first size bulbs (about 4½ inches around), 12 for \$1.10, 100 for \$8.00.

MONSIEUR MOTTET (2). Each stem bears three to five gracefully formed flowers that are ivory-white at first but later become flushed with deep pink. An interesting garden flower and lovely as a cut flower. (26 in.) 3 for 40c, 12 for \$1.50.

ZWANENBURG

WHITE TULIPS COTTAGE

ALABASTER. Most white tulips start creamy, turning white later, but with this variety even the exquisite buds nestling in the unusually heavy grey green foliage are pure white. Fine goblet-shaped flowers on strong stems of medium height. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

ALBINO (1). A splendid pure white tulip of great size. Exquisite for planting in clumps in the perennial border. It flowers very early and because of the heavy substantial flower stays in bloom a long time. (22 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CARRARA (2). This snow white variety is one of the loveliest tulips in existence. The blossom is round and beautifully molded, supported by a good tall stem—not too stiff. Soft yellow anthers. (27 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

DARWIN

DUKE OF WELLINGTON. The artistically formed long flowers are soft white throughout. The strong stems are not too stiff for charming cut flowers. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

GLACIER. (Willust). Exceptionally large pure white tulip—even the base and anthers are white. The oval shaped flowers last unusually well. (30 inches.) 3 for 50c, 12 for \$1.80, 100 for \$13.50.

HELEN EAKIN (White Perfection). Pure glistening white with black anthers. The blossoms are the size and shape of Farncombe Sanders and the two would be very beautiful if used together. (30 inches.) 3 for 45c, 12 for \$1.60, 100 for \$12.00.

MRS. GRULLEMANS. A lovely pure white tulip with white center and sulphur anthers. Strong stem of medium height. The flowers have exceptional keeping quality. (26 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

WHITE GIANT. A real Darwin with large cup-shaped flowers, thick petals, strong tall stems—considered one of the very best white tulips in existence. (30 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

ZWANENBURG. One of the older varieties but still one of the most satisfactory. It is early flowering, large and tall. Black anthers. (28 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

GLORIOUS TULIPS in COTTAGE

ADVANCE. (Hybrid Tulip). An extraordinary tulip and now priced so low that every gardener can plant it in quantity. Large size—larger than any Darwin, early—almost as early as the single Earlies, tall strong stems that hold the giant flowers well erect, beautiful color, fiery scarlet inside, outside shaded with rose—what more could one ask of any tulip? 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ARGO (1). When the flower first opens, it is deep yellow with a narrow border of orange. As it develops, the whole flower becomes suffused with deep reddish orange. Large cup-shaped flowers on strong 28-inch stems. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

GRENABIER. (2). One of the most brilliant of tulips with very large flowers of dazzling orange-scarlet. It is especially adapted to bedding as the stems are not too tall. Lasts much better in partial shade. (20 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GRENADIER. (2). One of the most brilliant of tulips with very large flowers of dazzling orange-scarlet. It is especially adapted to bedding as the stems are not too tall. Lasts much better in partial shade. (20 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

G. W. LEAK. Glowing orange-red flowers that for beauty and brilliance are unsurpassed. The petals turn downward, exposing the attractive pale base. The strong stem is 28 inches high. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

HENRI CORREVON. Another famous and distinctive tulip now available at the standard prices. The color is delightful clear geranium lake set off by a large pure white center. (26 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MARSHALL HAIG. (3). A splendid tulip of the clearest scarlet-red with large base of golden yellow. Large oval flowers on good strong stems. A tulip of great brilliance and beauty. (29 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

MAZEPPA. The extremely large globular flowers are most brilliant—glowing bright scarlet with white center. Excellent substance. (28 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ORANGE KING. (3). Glistening deep orange shaded rose with yellow base. Large globular flower. Sweet scented. (23 inches.) First size bulbs. 12 for \$1.25, 100 for 9.40. Top size bulbs, 3 for 40c, 12 for \$1.50, 100 for \$11.25.

PRESIDENT HOOVER. (4). A splendid new variety that attracts immediate attention. Bright orange-red—a color not too common in tulips. A large flower on a strong tall stem. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

MIXED COTTAGE TULIPS

This mixture of Cottage tulips is especially bright and cheerful. It contains a large number of splendid varieties mostly in shades of red, pink, yellow and white. The flowers are graceful and attractive and would be especially desirable for cutting. Top size bulbs, 12 for \$1.35, 100 for \$10.00. Large first size (11-12 cms), 12 for \$1.10, 100 for \$8.00.

CITY OF HAARLEM

ADVANCE

CONLEY'S EXHIBITION TULIP COLLECTION

COLLECTION T-2

To show the advancement in tulips during the last few years we are offering this collection which includes some of the grandest tulips in existence. Each one is outstanding in size, color and form. These varieties would win prizes at any exhibition and add distinction to any garden.

Advance—Red Hybrid
Aristocrat—Pink Darwin
Blue Parrot
Charles Needham—Red Darwin
Eclipse—Red Darwin
Fantasy—Pink parrot

Glacier—White Darwin
Golden Age—Yellow Darwin
Golden Harvest—Yellow Cottage
Insurpassable—Lavender Darwin
Mt. Tacoma—Double Late White
Queen of the Night—Dark Purple Darwin

3 each (36 bulbs) for	\$ 5.75
12 each (144 bulbs) for	21.00
25 each (300 bulbs) for	41.00
100 each (1200 bulbs) for	157.50

SPECTACULAR RED

MAJESTIC. We consider ourselves very fortunate to be able to introduce this spectacular novelty this year. The flowers resemble the species Greigii—brilliant orange-scarlet with jet black base. The enormous flowers are held up well by tall strong stems. Each 75c, 3 for \$2.00. Supply very limited.

DARWIN

CHARLES NEEDHAM. Certainly this is one of the finest of all the red tulips. The color is enchanting—clear intense vermilion. Large cup-shaped flowers on strong stems of jade green. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

CITY OF HAARLEM. A fine reliable cardinal red tulip. Large cup-shaped flowers with blue base and white ring. Strong stem and good substance. Beautiful when carpeted with white violas or arabis. (30 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

ECLIPSE. Dark rich crimson with violet center margined white. An outstanding dark red tulip. Strong growing and long lasting. (30 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

FARNCOMBE SANDERS. (2). This old variety is still a great favorite. Large flower of perfect shape colored bright rose-scarlet with white base. It is splendid for mass effects against evergreens. (28 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

GLORIA SWANSON. Enormous cup-shaped flowers of deep carmine with blue base. Very strong stem and strong grower. (30 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

KING GEORGE V. (3). Brilliant cherry-red flowers of largest size on strong tall stems. Altogether it is one of the finest tulips. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

KING HAROLD. (3). Splendid large substantial flowers of deep crimson-maroon. An attractive dependable variety. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

NEW ORLEANS. (2). A very large and substantial flower of deep crimson red blended with pansy-violet. Unusual and very rich coloring. 3 for 45c, 12 for \$1.65.

PRIDE OF HAARLEM. (1). The demand for this fine old variety continues strong in spite of the introduction of dozens of new red tulips. The flowers are larger than most and the stems unusually tall. The color is rosy-carmine. (30 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

PROF. RAUWENHOFF. (2). A splendid large flower of bright cherry-red with scarlet glow inside and brilliant blue base. Good strong tall stem. (28 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

SCARLET BEAUTY. (3). A fine large flower of clear glowing scarlet—a color so bright that it always attracts attention. A variety of special value for borders or mass planting. (26 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

SUNDEW. (4). An entirely unique tulip of the Darwin shape but having a finely fringed edge. Carmine red. Very late. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

CHARLES NEEDHAM

LAVENDER AND PURPLE

from light shades to almost black

DARWIN

BLEU AIMABLE. (4). Clear lavender shaded steel blue, white base. An attractive flower that would combine beautifully with some of the late deep yellow varieties. (26 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

BLUE PERFECTION. (3). Quite distinct from others in this class is this beautiful tulip with pointed petals reflexing at the tip. The color is bright violet bordered heliotrope, white base. (29 inches.) 3 for 50c, 12 for \$1.85, 100 for \$13.85.

COTE d'AZUR. A charming novelty of lavender-blue that turns heavenly blue with age. Large white base. (26 inches.) 3 for 45c, 12 for \$1.70, 100 for \$12.75.

DEMETER. (1). This fine new Darwin is exceptionally early. Deep violet blue flowers of large size. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

FAUST. (2). Dark satiny purple-maroon. Enormous oval flowers of good form and substance. One of the finest dark varieties. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GIANT. (2). Large handsome cups of dark purple violet, white base. A striking garden plant especially with pure white or deep yellow varieties. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

INSURPASSABLE. We strongly recommend this beautiful soft lilac flower which is one of the largest tulips grown. (28 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

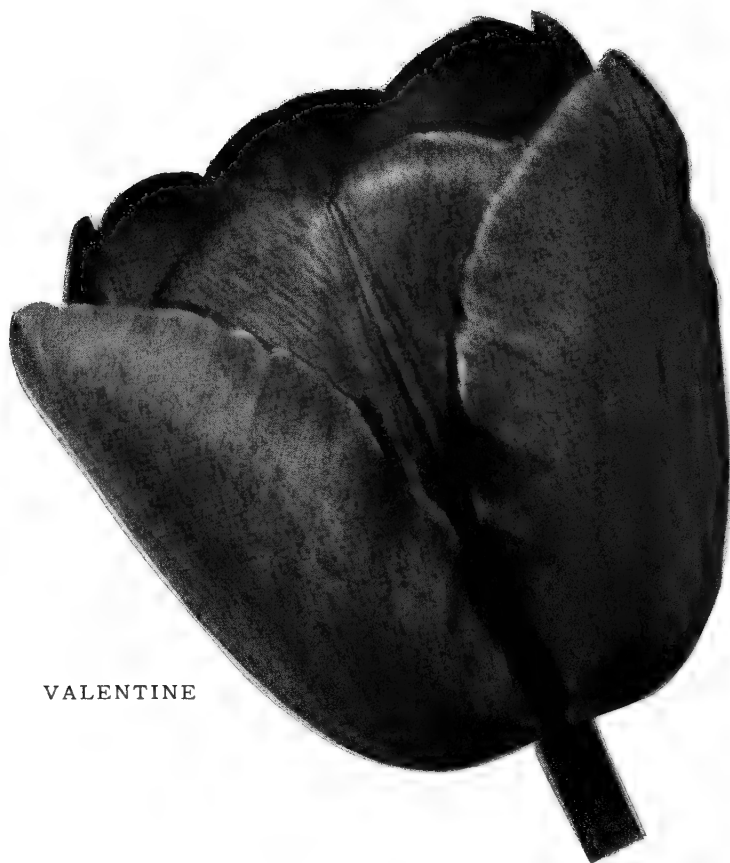

KING MAUVE. A magnificent big tulip of light lavender shaded with deeper lavender. Probably the very best of its color. Lovely if planted with pale yellow varieties. Height 30 inches. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

LA TULIPE NOIRE. (The Black Tulip) (3). Very dark maroon-black. Fine large flowers of velvety texture. (26 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

MADAME BUTTERFLY. Large egg-shaped flowers of lovely pale mauve shaded violet, white base. Strong 30 inch stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

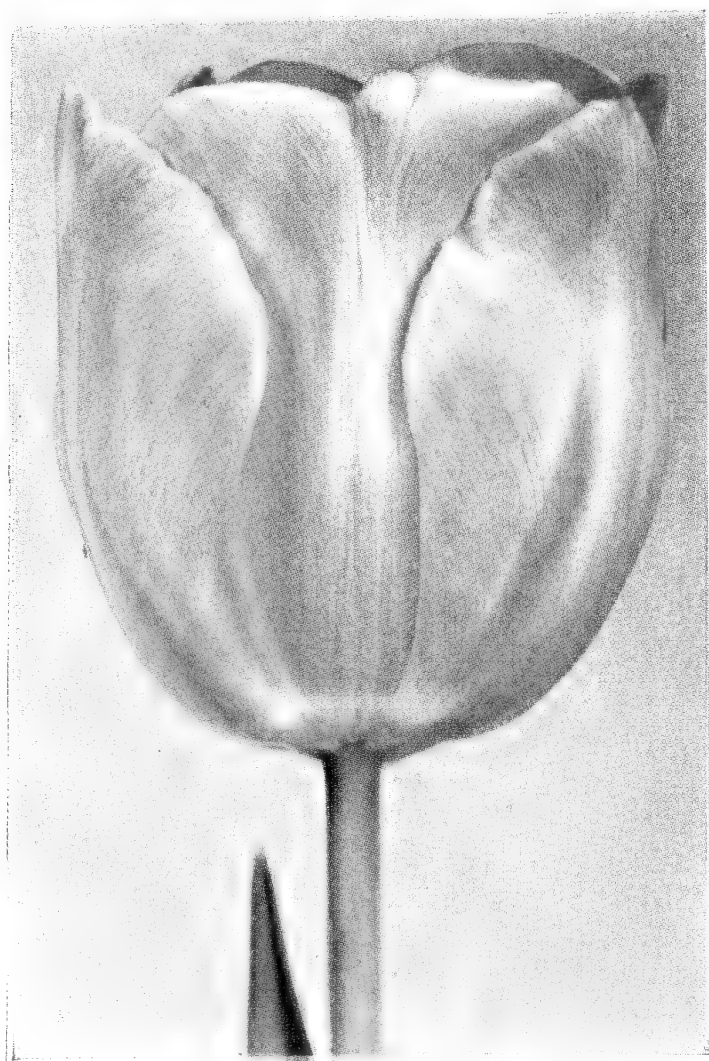

MRS. HAROLD I. PRATT (3). This is one of the largest and tallest tulips in our entire list. Beautiful flowers of lilac-mauve with yellow shadings at the edges. Award of Merit, Haarlem. A wonderful exhibition tulip. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PANSY BLUE. (Mrs. Mandel) (1). Very attractive violet blue flushed lilac, large white base. The pretty medium sized flowers have strong stems and last well. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

VALENTINE

The tulip bulbs we offer are all of the highest quality top-size grade, the largest and best to be had, unless we specify otherwise. In some instances where the variety flowers especially well from smaller bulbs we also offer the next grade, known as "first size".

INSURPASSABLE

CONLEY'S

Rainbow Tulip

MIXTURE

If you could see our large plantings of this mixture at blossoming time we believe you would be as enthused about it as we are. There are hundreds of varieties, many of them rare and unusual, in all the glorious tulip colors from white through yellow, orange, red, pink, lavender and purple to almost black. Included are representatives from the Darwin, Breeder, Cottage and Hybrid groups.

Top size bulbs (12 cms and over), 12 for \$1.25, 100 for \$9.40, 250 for \$22.35, 1000 for \$84.60.

First size bulbs (11-12 cms), 12 for \$1.00, 100 for \$7.50, 250 for \$17.85, 1000 for \$67.50.

QUEEN OF THE NIGHT. One of the darkest tulips ever grown. Similar in color to La Tulipe Noire but much larger and taller. (30 inches.) 3 for 50c, 12 for \$1.95, 100 for \$14.60.

REV. H. EWBANK. (1). A good dependable tulip that is especially pleasing for planting with light yellow varieties. Well shaped flowers of good size, colored deep lavender shading lighter at the edges. First size bulbs 12 for \$1.25, 100 for \$9.40. Top size bulbs, 3 for 40c, 12 for \$1.50, 100 for \$11.25.

SCOTCH LASSIE (2). Pure deep lavender shaded darker inside with a blue base. Very large flowers that last unusually well. (28 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

THE BISHOP. A bright clear violet tulip of the highest quality. Good size, color and substance. It would be delightful flowering above a carpet of yellow pansies or violas. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

VALENTINE (3). A beautiful big tulip of deep heliotrope. A rich glowing color darker than the others in this group. (32 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

YELLOW TULIPS

from soft primrose to deepest gold

COTTAGE

ALASKA. Large elongated flowers with beautiful pointed petals that reflex slightly. Clear golden yellow with yellow center and yellow anthers. (25 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

AVIS KENNICOTT. Bright chrome yellow flowers with sharply contrasting black base. Long pointed petals—very attractive form. (26 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

BELLE JAUNE. Rich Indian yellow flowers on tall plants of great strength and vigor. Long petaled form. Highly recommended. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GOLDEN HARVEST. A very effective tulip with its large buttercup yellow flowers atop very strong tall stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

GESNERIANA LUTEA (4). Bulbs of this variety are often supplied for Mrs. Moon which it resembles. The stems are not quite as tall and the petals are not as pointed. Deep golden yellow with good foliage. Delightfully fragrant. First size bulbs, 12 for \$1.25, 100 for \$9.40. Top size bulbs, 12 for \$1.50, 100 for \$11.25.

INGLESCOMBE YELLOW (4). Often called the "Yellow Darwin" as it has the true Darwin shape. Large sized flowers of glossy canary-yellow on good stems of medium length. First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

JEANNE DESOR (4). This variety comes rather late in the tulip season and is always admired for its bright and fresh appearance when so many of the others are fading. The deep yellow petals are bordered with bright scarlet. This edging widens as the flower matures. Large flowers on 30-inch strong stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MARION VOORHEES. Clear buttercup yellow. Yellow base and anthers. A large but very graceful flower of good substance on a strong stem. 12 for \$1.50, 100 for \$11.25.

MONGOLIA. We have grown this grand tulip for several years and consider it one of the finest yet introduced. Very large globular flowers of deep golden yellow on strong 28-inch stems. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

MRS. JOHN T. SCHEEPERS. The immense oval-shaped flowers are carried on thick sturdy tall stems. The color is clear deep golden yellow. (28 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

DARWIN

GOLDEN AGE. This new variety is considered by many experts to be the best of the dark yellow tulips. Deep buttercup yellow, beautiful stately flower. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

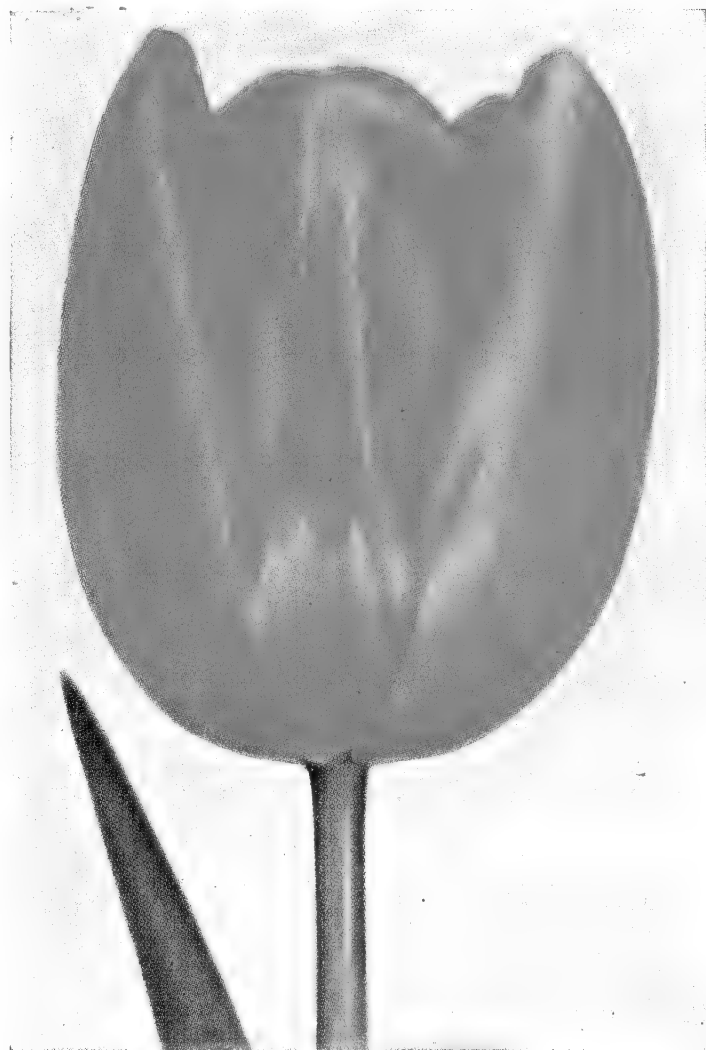

GOLDEN FLEECE. A deep golden yellow tulip similar to Yellow Giant but not quite as tall. The cup-shaped flowers have good lasting qualities. The tips of the petals are sometimes shaded with bronze. First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

NIPHETOS. Splendid lemon-yellow flower of beautiful long shape. Very long lasting. Strong 29 inch stems. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

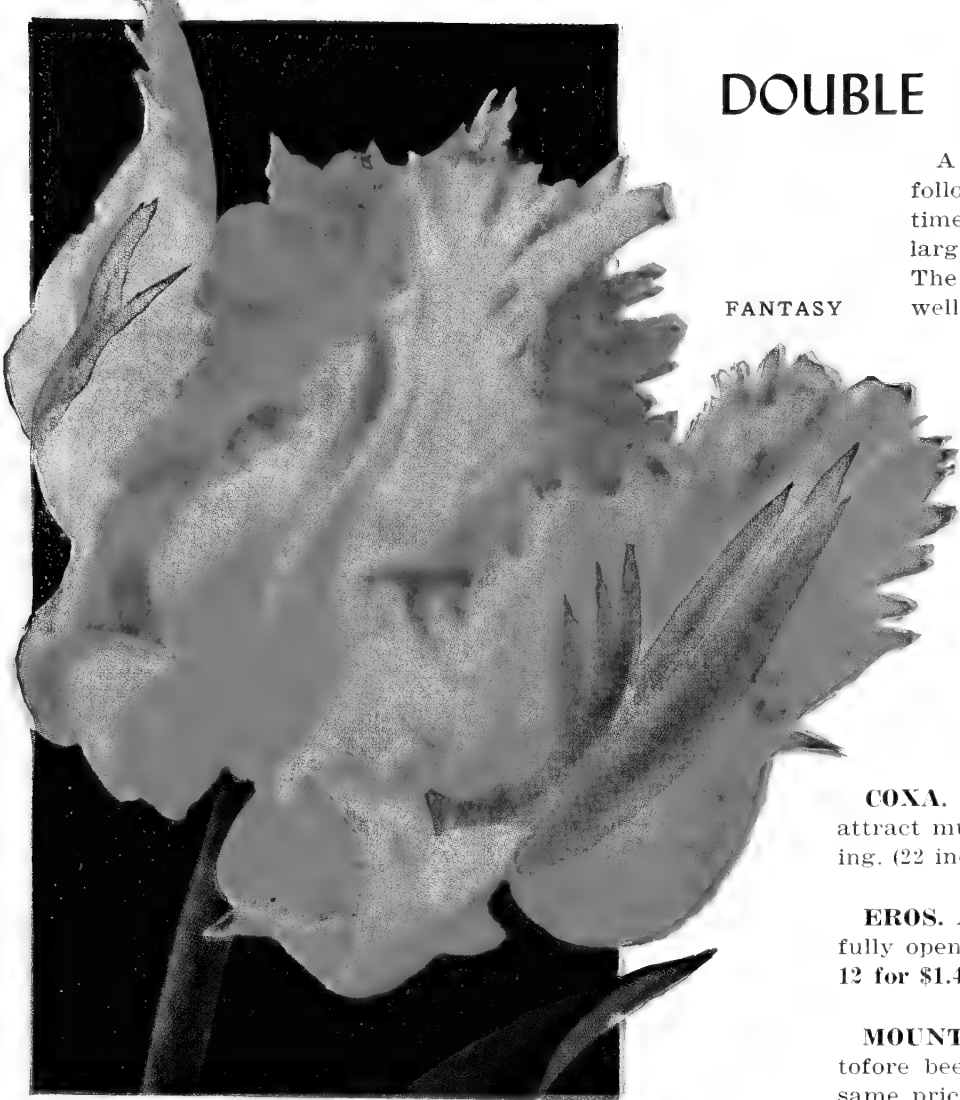

INGLESCOMBE YELLOW

YELLOW GIANT (3). Large finely shaped flower of rich golden yellow, sometimes tinted bronze at the tip of the petals. Tall strong stems. One of the very best of the yellow Darwins. (29 inches.) 3 for 35c, 12 for \$1.35, 100 for \$10.00.

GOLDEN AGE

DOUBLE MAY FLOWERING TULIPS

FANTASY

A group of large double peony-shaped flowers that follow the Early Double Tulips and bloom at about the time of the earliest Darwin Tulips. Because of their large size, they are unusually effective for mass effects. The tall stems are very strong, holding the huge flowers well erect.

ALLEGRO. The large peony-double flowers are bright amaranth red with a narrow white edge and white center. Strong stiff stems. (22 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CLARA BUTT DOUBLE. This is the double form of the much beloved Darwin Clara Butt. It has the same beautiful color and habit of growth but the cup is filled with incurving petaloids that give it a most unusual appearance. Quite distinct from the other varieties in this list. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

COXA. These bright scarlet flowers tipped with white attract much attention. Large, fully-double and strong growing. (22 inches.) 3 for 40c, 12 for \$1.40, 100 for \$10.50.

EROS. An exquisite new variety of beautiful old rose. The fully opened flowers are 6 inches across. (20 inches.) 3 for 40c, 12 for \$1.40, 100 for \$10.50.

MOUNT TACOMA. This extraordinary white tulip has heretofore been very high in price but is now available at the same price as the older varieties. Pure white flowers of the largest size on strong 24-inch stems. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

PARROT TULIPS

Within the last few years there has been developed a new group of extraordinary Parrot Tulips. The old varieties had weak stems permitting their flowers to droop into the dirt, but this new type has strong stems that hold the great flowers erect as with the parent Darwins from which they are sports. Why nature in her inscrutable ways should create such extraordinary forms from normal smooth tulips is one of the great mysteries of plant life. Even the buds are interesting—all rough and uneven, giving promise of the remarkable flowers to soon appear.

BLUE PARROT. Bright violet-blue shaded steel blue. A sport of Bleu Aimable, it has the same strong 30-inch stem. 3 for 90c, 12 for \$3.30, 100 for \$24.75.

FANTASY. The parrot form of Darwin Clara Butt, it has the same beautiful salmon pink color but shaded with scarlet and often encrusted with apple green. When the huge cup opens in the sun, it shows geranium-red shading to the white base. (27 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

RED CHAMPION. The beautiful illustration on the front cover makes a lengthy description unnecessary. It is a sport of the Darwin tulip Bartigon and has the same strong stem and vigorous habit of growth. (28 inches.) Each 45c, 3 for \$1.25, 12 for \$4.50, 100 for \$33.75.

SUNSHINE. Pure butter yellow, deeply lacerated, with some green encrustations and markings. (18 inches.) Each 50c, 3 for \$1.35, 12 for \$4.80, 100 for \$36.00.

THERESE. Huge cherry-scarlet flowers with green markings, that often attain a diameter of 8 inches. The inside of the flower is vivid cerise-scarlet. An extra fine variety sported from Farncombe Sanders. (30 inches.) 3 for 90c, 12 for \$3.30, 100 for \$24.75.

VIOLET QUEEN. Beautifully feathered and marked flowers, colored soft violet blue, white centers. (27 inches tall.) 3 for 65c, 12 for \$2.40, 100 for \$18.00.

Collection of New Parrot Tulips

For a real garden thrill plant the five novelties above:
 Blue Parrot, Red Champion, Sunshine, Therese, Violet Queen.
 3 bulbs each (15 bulbs) for.....\$4.80
 6 bulbs each (36 bulbs) for.....\$8.70

MT. TACOMA

Aristocratic

BREEDER TULIPS

A noble race of dignified tulips of great size and tall strong stems. The colors are mostly shades of purple, bronze, brown, reddish-orange and terra cotta. So many of the colors do not fit into the group of Darwin and Cottage Tulips that we have left them in a class by themselves.

ADMIRAL TROMP. (2). A choice new variety of orange-red shaded salmon with lighter edges. Large flower. (29 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

BACCHUS. (2). Rich violet-blue powdered with silvery dust like the bloom of grapes. Large oval flower on 30-inch stems. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

BRONZE QUEEN. (2). A beautiful light bronze tulip of largest size. Vigorous grower with strong tall stems. The inside of the big cup is golden bronze, the outside is tinged with a suggestion of violet. (28-in.) First size bulbs, 12 for \$1.10, 100 for \$8.00. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

CHERBOURG. (2). A rare beauty among the light golden bronze varieties. Tremendous cup-shaped flowers of golden yellow shaded bronze and faintly flushed lilac. Stems up to 40 inches high. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CRUSADER. The large flowers are beautiful bronzy blue shaded gold. Tall sturdy stems. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

DILLENBURG. (4). A very bright and attractive Breeder of glowing salmon-orange shaded with yellow at the edge. Large well formed flowers of good substance. (28-in.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

INDIAN CHIEF. (3). A handsome tulip of distinct coloring—Indian brown, flushed coppery brown, with a burnished metallic sheen. (38 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

J. J. BOWMAN. Light mahogany-red with claret flush, tinted yellowish bronze at the edges. Interior red-bronze with yellow base. Exceptional size and substance. (30 inches.) 3 for 55c, 12 for \$2.10, 100 for \$15.75.

BRONZE QUEEN

SUNBEAM

LOUIS XIV. (3). This variety well deserves its great popularity. Large rich appearing flowers of dark blue-violet with a margin of golden bronze. (34 inches.) 3 for 45c, 12 for \$1.60, 100 for \$12.00.

ORANGE GLORY (Joy McArden). Bright golden bronze overlaid with an orange sheen. Inside bright red-orange. Perfect cup-shaped flower. Lasts unusually well. 3 for 50c, 12 for \$1.80.

SUNBEAM (Reve d'Or.) A very fine new golden bronze Breeder. Large flowers of orange yellow with bronze overtones edged golden yellow. Becomes more beautiful as it ages. (27-in.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

TANTALUS. (3). A new Giant Breeder tulip of light cadmium yellow, overlaid with slate violet. Dark yellow base. (30-in.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

VELVET KING. (3). A dark glossy royal purple flower that is one of our special favorites. The very substantial cup-shaped flowers are of the largest size and well supported by their tall strong stems. (32 inches.) 3 for 50c, 12 for \$1.80, 100 for \$13.50.

WILLIAM THE SILENT. This handsome variety is one of the finest purple tulips. Large flowers of dark violet-purple with white base. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

COLLECTION OF SINGLE EARLY TULIPS

For brightness and cheer in the early garden try this collection with its fine display of color. It is composed of the eight splendid named sorts listed on page 22.

3 each of 8 varieties, 24 bulbs . . . \$ 3.75

12 each, 96 bulbs . . . 13.60

25 each, 200 bulbs . . . 26.45

MIXED EARLY TULIPS. A well-balanced hand-made mixture from our good named varieties. 12 for \$1.70, 100 for \$12.75.

DE WET

THE EARLY TULIPS . . .

SINGLE EARLY

These are the tulips that bring bright cheerful coloring to enliven the early spring. There is nothing subtle about them—there is not supposed to be, their forte is bright color. These are the best tulips for forcing, also, being easily brought into flower in about a month after being well rooted. See page 25 for chart showing method of handling.

DE WET. A beautiful showy variety, extra large flowers of deep gold, flushed and stippled orange scarlet, the color deepening with age. (15 inches.) 3 for 45c, 12 for \$1.65, 100 for \$12.40.

GREAT CITY. Similar to the well known Kaizerskroon, but larger and taller. Rich red with broad yellow border. 3 for 50c, 12 for \$1.95, 100 for \$14.60.

MISS GRAYSON. A striking and beautiful sport of De Wet. The flowers have the same form and large size. The color is clear yellow except that on the inside there is a narrow red stripe through each petal. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

OLYMPIADE. An extra fine yellow of clear soft color with ivory stamens. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PELICAN. A splendid pure white flower and of such good substance that it lasts unusually well in the garden. A beautiful cut flower. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

PINK BEAUTY. The very large flowers are bright cherry-rose with long white flush on the center of the petals. A splendid bedder and good for late forcing. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

PRINCE CARNIVAL. The colorings of this interesting novelty are just the reverse of Great City—rich yellow with large bright red border. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

PRINCE OF AUSTRIA. Deep orange red shading to buff-orange. A splendid bedding variety with large showy flowers on good stems. Sweet scented. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

See page 21 for Mixed Early Tulips and collection of Single Early Tulips

DOUBLE EARLY

Their beautiful colors, large size and long lasting qualities make the Double Earlies splendid bulbs for bedding and borders. Striking and beautiful mass effects can be produced with these tulips. They are good for forcing too, but should not be brought on quite as early as some of the Single Earlies.

BOULE de NEIGE (Purity). Pure white, fully double peony-like flowers that are large and most attractive. 3 for 45c, 12 for \$1.80, 100 for \$12.70.

DANTE. Fiery scarlet. A brilliant new variety of great merit—the best of the bright red double earlies. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

ELECTRA. Bright rose tinged violet. The splendid large flowers of this unique and beautiful shade are quite distinct from any of the others on this list. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

MARECHAL NIEL. Satiny soft yellow, tinted salmon, like the Marechal Niel rose. Splendid large flowers. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

MR. VAN der HOFF. The finest of the clear golden yellow varieties. Large and fully double. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

PEACH BLOSSOM. As beautiful a shade of soft rosy pink as one will find in any tulip. The large full flowers are unusually long lasting. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

MARCELLINA
Color varies in different climates.

COLLECTION OF DOUBLE EARLY TULIPS

The six varieties listed here so eminently satisfactory for the garden or forcing.

6 each (36 bulbs) for.....	\$ 4.90
12 each (72 bulbs) for.....	9.50
25 each (150 bulbs) for.....	18.25

LILY FLOWERING TULIPS

These really are classed with the Cottage or Mayflowering varieties but their form is so different from the other sorts that a separate grouping is justified. The long pointed petals that are so gracefully recurved give a delightful, lily-like effect to the flowers. There are no tulips more beautiful as cut flowers.

BEVERLY. Large flowers of bright cochineal-red on tall strong stems. Very showy. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MARCELLINA. A lovely clear carmine-rose flower of an especially pleasing, lily-like form. One of the most delightful tulips for cutting. (28 inches.) 3 for 40c; 12 for \$1.50, 100 for \$11.25.

PICOTEE. (See page 14 under Pink Cottage Tulips).

SIRENE. The long petals are sharply pointed and curved outward, giving the flower a true lily form. The color is a most beautiful shade of cerise pink with a pure white base. One of the most graceful cut flowers among the tulips. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

WHITE CROSS. The finest white lily-flowering tulip available. Large glistening white petals of which the outer three are gracefully reflexed while the inner three remain erect. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

YELLOW MARVEL (Jaune a Merveille). Large much reflexed flowers of bright golden yellow. The tall stems are very strong. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

The First to Make Your Garden Bright With Color

TRIUMPH TULIPS

The Triumph Tulips were produced by crossing early and late tulips. Most of them have large substantial flowers of strong stems of medium height. Many of the original varieties were dull and uninteresting but the varieties below have been chosen for bright garden effect. They bloom with the Mendels, almost as early as the Single Earlies.

CRATER. A nice up-standing tulip of deep vermilion-red. (20 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ELIZABETH EVERS. Clear bright rose with white base and yellow anthers. A large tulip that commands attention. (22 inches.) 3 for 40c, 12 for \$1.40, 100 for \$10.50.

ELMUS. Bright cherry-red with a narrow border of creamy-white. The flowers are large and unusually effective in the garden. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

KANSAS. Early pure white variety that has the size and stem of a Mayflowering Tulip. (20 inches.) 3 for 40c, 12 for \$1.50, 100 for \$11.25.

TELESCOPIUM. Large tall early lavender-rose. An unusual colored tulip of good substance. (22 inches.) 3 for 40c, 12 for \$1.40, 100 for \$10.50.

URSA MINOR. Deep golden yellow. Large flower. Splendid bedding tulip. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

COLLECTION OF TRIUMPH TULIPS

Probably many of these varieties are strangers to you. The best way to become acquainted is to plant them in your garden. The collection makes it easy.

3 each of the 6 Triumphs (18 bulbs) for.....\$2.25
6 each (36 bulbs) for \$4.10; 12 each (72 bulbs) for\$8.00

TULIP SPECIES

These are the wild tulips and an interesting and varied group they are. The diversity of form is enormous—from the dainty plants like *Clusiana* to *Praestans Pamir* with its large scarlet flowers flaming like Oriental Poppies.

CLUSIANA (The Lady Tulip). A charming little slender plant growing about 12 inches high. The outside of the petals is cherry-red, inside white. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

CRYSANTHA. In the sun these lovely little flowers open out flat forming discs of pure gold. The outer petals are often shaded coppery red. Charming for the rock garden. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

EICHLERI. Large flowers of brilliant crimson-scarlet with a glistening black center marked gold. Attractively pointed petals that open wide in the sun. The foliage is silvery green. Very effective in the rock garden or border. A dependable species that is easily grown. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

MENDEL TULIPS

A new race of tulips produced by crossing Darwin Tulips with Duc van Tholl Early Tulips. By this means varieties with earliness of flowering and Darwin colors and stems were obtained. Many of the sorts are of value only for forcing. We have selected here a group that has proved to be excellent for garden flowers. They bloom almost at the same time as the Single Earlies.

HER GRACE. Pure rose with white base. An early flower of very large size on a strong stem. 3 for 45c, 12 for \$1.65, 100 for \$12.40.

KRELAGES TRIUMPH. An extra good, large, glowing red tulip on 19-inch stems. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

SCARLET ADMIRAL. Luminous vermilion red with black base. Large sturdy flowers. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

SONJA. A bright flower of cherry-red with a suggestion of orange shading. Very free flowering. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

VAN der EERDEN. Probably the best early red. Fine rosy-red cup-shaped flowers. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

WEBER. Striking very large flowers of white with rose edges, the color deepening as the flower ages. Early. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

WHITE SAIL (White Glory). Creamy buds that turn to pure white. Early and strong growing. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

RED EMPEROR. Certainly this is one of the most outstanding and spectacular tulips in existence. The flowers are brilliant scarlet, of great size, and come before most of the Early Tulips. Height 18 inches. 3 for 70c, 12 for \$2.50, 100 for \$18.75.

KAUFMANNIANA (The Waterlily Tulip). An especially desirable variety because it is not only the earliest of all tulips but a flower of great beauty also. The petals are broad and reflexing, creamy-white inside, more or less marked with carmine on the reverse. Height 8 inches. 3 for 35c, 12 for \$1.20, 100 for \$9.00.

KAUFMANNIANA ELLIOTT. More highly colored and larger than the type. The creamy flowers are richly shaded red on the outside. 3 for 35c, 12 for \$1.35, 100 for \$10.00.

PRAESTANS PAMIR. This variety really produces! Three or four scarlet flowers of large size on each stem. Early. Height 14 inches. 3 for 50c, 12 for \$1.80.

DUTCH IRIS

We have been amazed at the enormous numbers of Dutch Iris that our customers have purchased the last few years. Apparently a good many gardeners are only now learning of their great beauty and ease of culture. We think the great popularity of these choice bulbs is well justified. Because of their beautiful harmonious colors and long lasting qualities they are unexcelled among the bulb flowers for either the garden or for cut flowers. By proper choice of varieties one can spread the blooming period over two months or more. The season starts with Wedgewood during the Darwin Tulip season and ends with the English Iris in June.

A. BLOEMAARD. One of the earliest of the Dutch irises. Large flower with dark purplish blue standards, deep blue falls with narrow orange stripe. 12 for 80c, 100 for \$6.00.

BLUE HORIZON (S. de Vlieger). Very beautiful light blue iris of large size. Good stem and foliage. The very broad and strong falls are soft sky blue. 12 for 80c, 100 for \$6.00.

D. HARING (White Glory). A splendid tall vigorous white iris. One of the finest and most dependable varieties in the list. The large flowers are pure white except for the narrow yellow mark on falls and a faint tinge of lavender in the standards when it first opens. 12 for \$1.00, 100 for \$7.50.

GERRIT VAN HEES. A beautiful new variety having large falls of rich royal blue marked with a pale yellow stripe. Broad purplish blue standards. 12 for \$1.00, 100 for \$7.50.

HUCHTENBURG. A tall growing iris of large size and attractive coloring. The falls are deep yellow and the uprights are very pale blue passing to white. 12 for \$1.00, 100 for \$7.50.

IMPERATOR (Filifolia). Later blooming than the true Dutch irises, connecting them with the Spanish. Deep blue standards and falls. Large, free flowering and a vigorous grower. 12 for 80c, 100 for \$6.00.

INDIAN CHIEF (W. Verschuur). An interesting and attractive novelty providing an unusual shade in the Dutch Irises. The falls are yellowish bronze, standards light violet shaded bronze. 12 for \$1.25.

MORNING MIST (Jan Weenix). A beautiful delicately colored iris. Large flowers with both standards and falls of soft lavender-blue. Height 30 inches. 12 for \$1.00, 100 for \$7.50.

JACOB DE WIT. A splendid medium blue iris—darker than Blue Horizon and lighter than Emperor. The falls are large and somewhat waved, standards dark blue. 12 for 80c, 100 for \$6.00.

THERESE VAN DUILL SCHWARTZE. A tall and graceful iris that makes an especially attractive cut flower. The standards are pale cornflower blue, falls pure white with narrow orange stripe. 12 for \$1.00, 100 for \$7.50.

VIOLET QUEEN (W. Zuiderveld). The coloring of this iris is quite unique and difficult to describe—perhaps light violet-lilac gives some idea of the unusual shade. A large strong growing variety—the finest in its color. 12 for \$1.00, 100 for \$7.50.

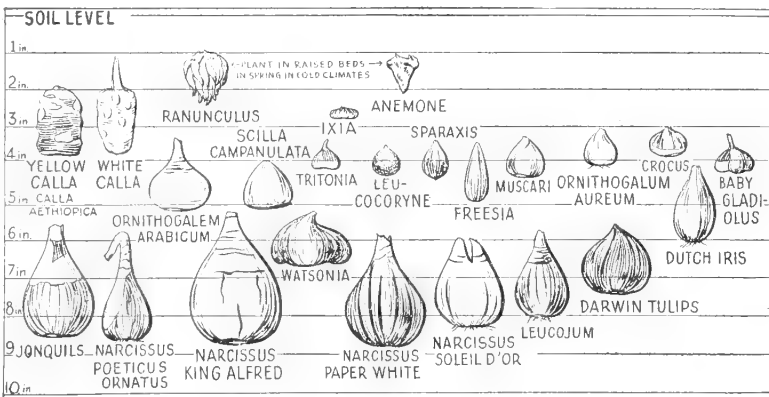

WEDGEWOOD (Tingitana Hybrid). This variety has very large flowers that appear fully two weeks before the regular Dutch iris. The falls are clear Wedgewood blue and are stronger and larger than the other varieties. Our strain is exceptionally good. 12 for \$1.00, 100 for \$7.50.

WHITE EXCELSIOR. Large pure white flowers of very good form and substance. Medium height. Early. 12 for \$1.00, 100 for \$7.50.

YELLOW QUEEN
WHITE EXCELSIOR
IMPERATOR

BULB PLANTING SUGGESTIONS

In this short space we cannot give complete cultural instructions for all the different kinds of bulbs, but there are a few basic facts, which if understood, will enable any one to have success—most of the time. We will be glad to send a booklet on growing bulbs if you ask for it with your order.

SOIL. Nothing fancy is needed, just good garden soil reasonably well supplied with plant food. We always add Vigoro or similar fertilizer before spading up the ground, which should be prepared deeply, 15 inches or more. Organic manures in moderation are good if applied at least a year in advance.

MOISTURE. The bulbs should have ample moisture from the time they are planted until they ripen off. Water should never stand over the bulbs—this is especially important with tulips.

CUTTING FLOWERS. Naturally you want to cut many of the blossoms. That is one of the main reasons for growing the bulbs. It does little harm to the bulb if you go easy on the foliage. The plant needs its green leaves to feed the bulb for next year. Remember! The bulbs make almost all of their new bulb growth between the time of flowering and the ripening of the foliage. Keep them growing as long as you can.

SEED FORMATION. Always remove the wilted flowers or seed pods. If the bulb is allowed to form seed, it doesn't work so hard at growing bulbs for next year. This is especially true with tulips.

DIGGING TIME. Dig bulbs when the foliage is turning yellow and becoming lifeless. Do not wait until it is dry and dead. Never expose the bulbs to bright sunshine but take them immediately to a cool place out of the sun and wind.

Grown from Bulbs

YELLOW QUEEN. Clear golden yellow flowers on tall slender stems. Very effective for a splash of clear yellow in the garden and also a splendid cut flower. 12 for 80c, 100 for \$6.00.

MIXED DUTCH IRIS. A choice mixture made up of the varieties listed above. 12 for 70c, 100 for \$5.00.

SPECIAL COLLECTION OF DUTCH IRIS

Four splendid distinct varieties are used to make up this collection—one each of dark blue, light blue, yellow and white. Large strong bulbs are chosen and each kind marked with the variety name. This is a good collection, especially recommended for those who have not tried Dutch Iris before.

6 each of the 4 varieties, 24 bulbs.....	\$1.70
12 each, 4 varieties, 48 bulbs.....	3.20
25 each, 4 varieties, 100 bulbs.....	6.00

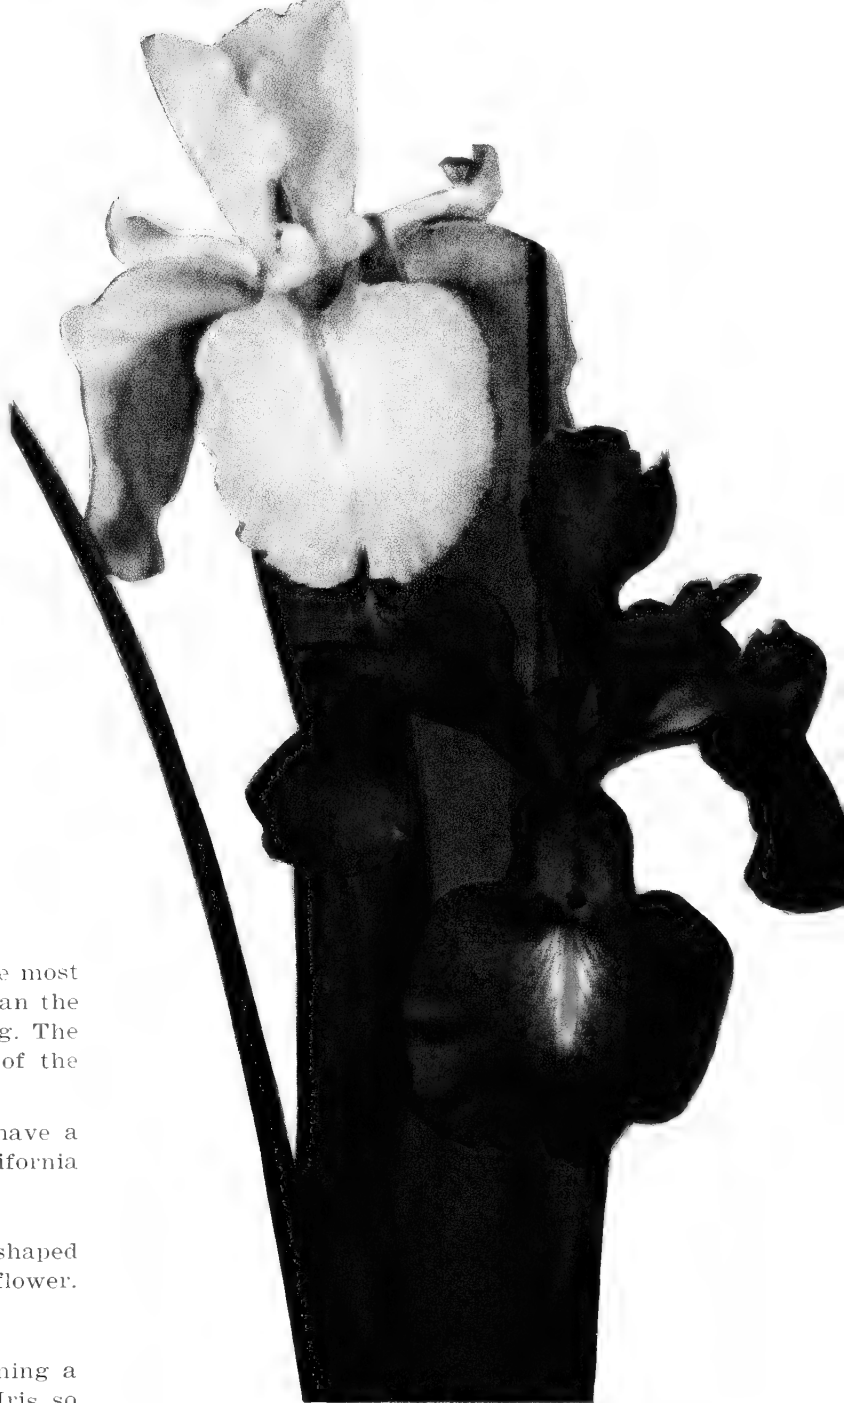

ENGLISH IRIS

With their delightful shades and colors we think these are the most attractive of the irises. They have flowers larger and broader than the Dutch iris and flower just after that type has finished blooming. The picture on this page gives a fair idea of the colors and form of the blossoms. The foliage is deep green, long and slender.

Plant in early fall in any good garden soil where they will have a plentiful supply of moisture. Not recommended for Southern California and the southern states.

CATTLEYA. An especially beautiful iris having large well-shaped orchid-colored flowers. Delightful either in the garden or as a cut flower. Extra large bulbs. 12 for \$1.30, 100 for \$9.75.

MIXED ENGLISH IRIS. This is a very fine mixture, containing a wide selection of the beautiful colors that make the English Iris so much in demand. Strong, healthy bulbs. 12 for \$1.00, 100 for \$7.50.

ENGLISH IRIS

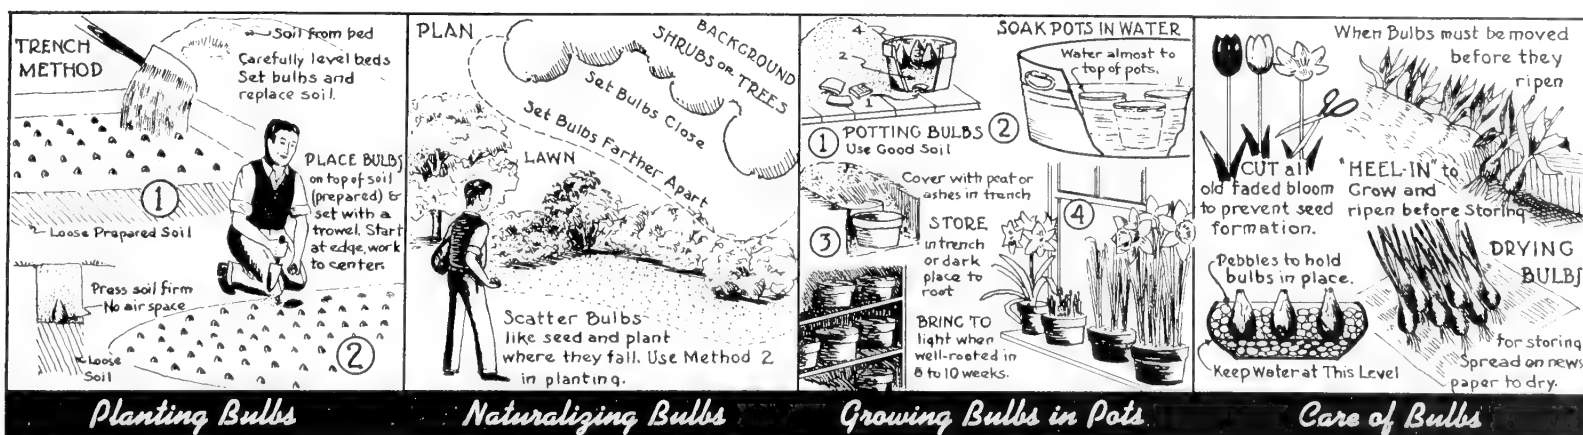

Hints on Growing Daffodils

Like all other bulbs, narcissi-daffodils repay us for giving them the proper care by producing more and better flowers. Start with good bulbs; this almost guarantees flowers for the first year. See that the soil is well prepared. This means deep digging and plenty of plant food, especially phosphates and potash. Early planting is advisable. September is the best month for most parts of the country. Cover the tops of the bulbs about 4 inches, and in cold climates mulch well after the ground has frozen. It is a mistake to leave the bulbs too many years without resetting them. They become crowded and fail to bloom. About every third year, dig the bulbs when the tops have ripened. Store in a cool, airy place and reset in the fall. Never move the bulbs before or during blooming time as it will injure their growth very severely.

Growing Tulips

Tulips are not difficult to grow in most parts of the country but observance of the following points will help you to produce better blooms and bulbs: Deep preparation of the soil, good drainage, an ample supply of plant food, plenty of water from planting time until the bulbs are ripe. In poor soils the addition of peat moss and a complete plant food will be of great benefit. Cover the bulbs about 4 inches and in the very cold climates mulch well after the ground has frozen. Lift the bulbs each year when the leaves have turned yellow and store in a dry place out of the sun and wind.

In warmer parts of the country such as southern California late planting is necessary. December first is early enough. Unless you have a cool place for the bulbs it is better to order early but let us keep them until planting time.

THE HARBINGERS OF SPRING

CROCUS

Crocuses provide so much color and cheer in the very earliest spring that it is no wonder that they are the most popular of early spring flowering bulbs. The little species are especially desirable from the standpoint of earliness. They come into bloom along with the snowdrops and eranthis, popping out all unexpectedly whenever there are a few hours of sunshine, long before winter is past.

BLUE CROCUS

SCILLA CAMPANULATA

Unless specified, our bulbs are all the top size grades. They produce many times the blossoms of the small bulbs frequently offered.

LARGE FLOWERING VARIETIES

BARON VON BRUNOW. Large flowers of deep blue-purple. Free flowering. 12 for 70c, 100 for \$5.25.

GOLDEN YELLOW. Extraordinarily free flowering and early. Rich yellow blossoms of large size. **Top size bulbs** that make up to 15 blooms. 12 for 80c, 100 for \$6.00. Good Blooming size. 12 for 50c, 100 for \$3.75.

KATHLEEN FARLOW. Very large pure white with conspicuous orange anthers. The flowers are very strong and long lasting. 12 for 70c, 100 for \$5.25.

PURPUREA GRANDIFLORA. Deep glossy purple. Extra large flowers of unusually heavy substance. Highly recommended. 12 for 80c, 100 for \$6.00.

SIR WALTER SCOTT. Lovely large flowers of white striped lilac. From a distance the effect of the whole flower is soft lavender. 12 for 70c, 100 for \$5.25.

LARGE FLOWERING CROCUSES MIXED. A choice mixture made up from our splendid named varieties in a wide color range. 12 for 70c, 100 for \$5.25. Good blooming size, 12 for 50c, 100 for \$3.75.

COLLECTION OF LARGE FLOWERING CROCUSES
12 each of the six choice named varieties (72 top size bulbs) for \$4.00.

25 each (150 bulbs) for \$7.50, 100 each (600 bulbs) for \$28.50

CROCUS SPECIES

SIEBERI. Graceful little flowers of clear lilac with deep golden centers, appearing in very early spring. Hardy and free flowering. The bulbs force easily and can be grown in water or peat same as Paperwhite Narcissi. 12 for 70c, 100 for \$5.25.

SUSIANUS (Cloth of Gold). Very early dwarf species. Numerous flowers of bright gold outside, veined with deep brown. Especially recommended for naturalizing. 12 for 60c, 100 for \$4.50.

VERSICOLOR (Cloth of Silver). Pretty little flowers of white, the outside feathered with purple. Fragrant. 12 for 60c, 100 for \$4.50.

COLLECTION OF CROCUS SPECIES
12 each of the three species above (36 bulbs) for \$1.80; 25 each (75 bulbs) for \$3.50; 100 bulbs each (300 bulbs) for \$13.50.

SCILLAS

The scillas are most satisfactory bulbs for naturalizing and borders. They thrive in woodland or full sun and increase in beauty from year to year. Rodents or insects do not bother them. The campanulata (hispanica) varieties have erect stems 10 to 12 inches high—higher in rich shady places. To obtain the best effects they should be left undisturbed for several years when they form good clumps.

CAMPANULATA (hispanica) WHITE. Fine large flowering white. The spikes somewhat resemble Lily-of-the-Valley blossoms. 12 for 70c, 100 for \$5.25.

CAMPANULATA BLUE. Fine deep blue. Tall vigorous grower. 12 for 70c, 100 for \$5.25.

CAMPANULATA ROSE. A very attractive shade of soft pink. Fine large spikes. 12 for 70c, 100 for \$5.25.

CAMPANULATA MIXED. An excellent mixture of all the above colors. 12 for 70c, 100 for \$5.25.

CAMPANULATA EXCELSIOR. A tall vigorous plant with much larger flowers and stronger stems than any of the other varieties. The large bell-shaped florets are a delightful shade of lavender blue. It is a lovely companion for the later yellow tulips. 12 for 80c, 100 for \$6.00.

NUTANS ALBA MAJOR. The pure white form of the English bluebell or wood hyacinth. The little bells are more slender than those of the campanulata varieties and the whole plant is more light and graceful. Very free flowering and easily grown. 12 for 70c, 100 for \$5.25.

MUSCARI (Grape Hyacinths)

Grape hyacinths are one of the most dependable of small bulbs for naturalizing. Each bulb bears several spikes that last a long while. Established clumps, particularly in partial shade, grow stems that are long enough for cutting. The bulbs are so inexpensive that they can be used in large masses.

HEAVENLY BLUE. A splendid variety for mass planting as it increases rapidly. Each bulb produces several spikes of bloom in succession. The color is a bright deep blue. Standard size. 12 for 50c, 100 for \$3.75. Large bulbs, 12 for 60c, 100 for \$4.50.

ARMENAICUM. Larger and a little earlier than Heavenly Blue. The color is deep cobalt blue. 12 for 60c, 100 for \$4.50.

WEST COAST NATIVES

ERYTHRONIUMS

Among the bulb flowers there are few so charming as these natives of the Pacific Coast Mountains and valleys. Not only are the flowers beautiful but the richly mottled foliage is attractive, also. They like partial shade and a soil rich in leafmold. Plant the bulbs as promptly as possible, cover them about three inches deep.

HELENÆ (Californicum Bicolor). The outer half of the petals is pure white, the inner part golden yellow. Pronounced and delicious fragrance. A beautiful and responsive plant in cultivation, the bulbs increasing rapidly. **12 for 80c, 100 for \$6.00.**

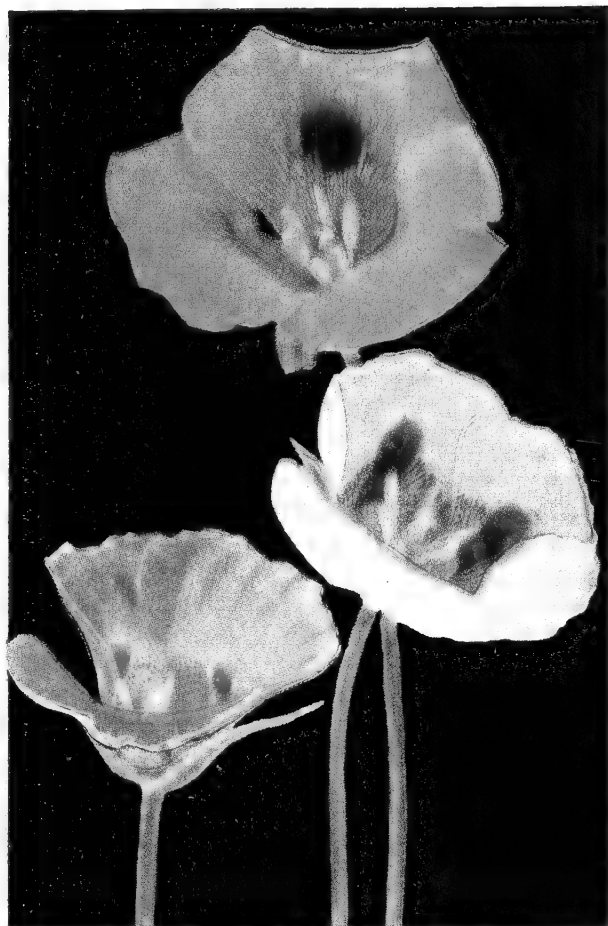

HENDERSONII. Beautiful deep lavender flowers with a zone of creamy white and a deep maroon base. Easily grown. Named for the late Prof. L. F. Henderson, formerly curator of the Herbarium of the University of Oregon. **12 for 85c, 100 for \$6.40.**

OREGONUM (Giganteum). This splendid species from our own part of the country is one of the finest of all. The flowers are large on branching stems usually about a foot high. Their color is creamy-white banded toward the center with maroon. The leaves are often very large and strikingly mottled with dark brown. **12 for 90c, 100 for \$6.75.**

REVOLUTION LILAC-PINK BEAUTY. Lovely soft lavender-pink flowers as shown in the picture below. The stems are long and carry from one to four of the beautifully tinted large blossoms. **12 for \$1.35, 100 for \$10.00.**

TUOLUMNENSE. This species is quite distinct from all the others. The flowers are deep golden yellow. The large leaves are not mottled. The bulbs are very large and increase rapidly by forming offsets. **12 for \$1.25, 100 for \$9.40.**

MIXED ERYTHRONIUMS. An unusually good mixture, containing all of the above varieties and several others. **12 for 80c, 100 for \$6.00.**

BUTTERFLY TULIPS

BRODIAEAS

The Brodiaeas are attractive bulb flowers with numerous florets in large clusters or umbels on slender but strong bare stems. The blossoms are very long lasting either on the plant or when cut. Hardy and easily grown in almost any soil either in full sun or partial shade. They should have plenty of moisture until blooming time. Plant about 3 inches deep.

FINEST FORMULA MIXED. A splendid assortment of the different types and colors including white, yellow and several different types of blues. This is an unusually interesting mixture. **12 for 50c, 100 for \$3.70.**

CALOCHORTI

MARIPOSA OR BUTTERFLY TULIPS MIXED. The name is derived from the fancied resemblance of the petals with their large eye and markings to butterfly wings. These calochorti are of easy culture. They are not particular as to soil but must have full sun, good drainage and be allowed to remain entirely dry after ripening off. This is a splendid mixture of several different varieties. **12 for 75c, 100 for \$5.50.**

MIXED GLOBE, STAR AND MARIPOSA TULIPS. A choice mixture showing the wide variety of forms of the beautiful Calochorti. The star tulips are also called cat's ears. **12 for 75c, 100 for \$5.50.**

VESTA. A large tall growing mariposa tulip of great beauty. The flowers are white flushed lilac or rose with a large spot of rich velvety brown at the center. **12 for 75c, 100 for \$5.50.**

VENUSTUS CITRINUS. The yellow Mariposa. A delightful species having rich yellow flowers with dark markings. Hardy and easily grown. **12 for 75c, 100 for \$5.50.**

CAMASSIA

LEICHTLINI BLUE: The large blue camas. It may grow to four feet and have as many as a hundred florets. Striking and beautiful when grown in the garden or beside the water or in open woods. Few bulbs will tolerate more adverse conditions if they have plenty of moisture when growing. **12 for 90c, 100 for \$6.75.**

ERYTHRONIUMS

FREESIAS

FREESIAS

Tecolote Hybrids

These freesias are much superior to the older varieties in every way. The flowers are larger, the stems longer and stronger and the plants more vigorous. The flowers frequently measure more than 2½ inches across and have beautiful clear colors and delightful fragrance.

Freesias can be forced easily in a cool greenhouse or even in a sunny window. The bulbs should be potted early and left outdoors until danger of freezing. They can be grown out of doors where they will not be subjected to freezing temperatures.

MARIE. (Patent No. 609). This new white freesia has been praised highly wherever it has been tried. The flowers are of immense size on plants of great vigor. The stems are tall and unusually strong. 12 for \$1.50.

TALISMAN (Patent No. 555). Bright and attractive flowers of orange-pink with rich cream throat. Strong stems of medium height. Early. 12 for 85c.

TECOLOTE HYBRIDS IN SEPARATE COLORS. Pure White, Light Yellow, Bright Red, Finest Blue, Clear Pink. 12 for 80c, 100 for \$6.00.

TECOLOTE HYBRIDS MIXED. This is a splendid colorful mixture of all the above shades and many others. Vastly superior to ordinary mixed freesias. 12 for 75c, 100 for \$5.50.

BABY GLADIOLUS

Plant in October or November about four inches deep and give some protection during very cold weather. Please note that these bulbs must be planted in fall or early winter. They are not suitable for spring planting and we have no bulbs at that time of year. They flower in May or June.

PEACH BLOSSOM. A beautiful shade of soft pink. Very free flowering. 12 for \$1.20, 100 for \$9.00.

SPITFIRE. The hardiest and most vigorous of the baby glads. Splendid spikes of brilliant salmon red. Highly recommended. 12 for \$1.20, 100 for \$9.00.

MIXED. This mixture contains the above varieties and several other excellent sorts. 12 for \$1.00, 100 for \$7.50.

MISCELLANEOUS SMALL BULBS

for Rock Garden or Border

SCILLA SIBIRICA

CHIONODOXA LUCILIAE (Glory of the Snow). Delightful little flowers of bright blue with white center, about a dozen of them on each dwarf flower spike. Plant where they can remain, as they self seed forming nice colonies. 12 for 50c, 100 for \$3.75.

ERANTHIS HYEMALIS (Winter Aconite). Even before the crocuses these bright little flowers resembling buttercups appear to brighten the wintry scene. Each little golden cup wears a frilled green collar. They are about 3 inches high and should be planted only about 2 inches deep. They self seed freely. 12 for 50c, 100 for \$3.75.

GALANTHUS NIVALIS (Single Snowdrop). The lovely nodding white blossoms with their green tips are usually the first of the early spring flowers. This variety is very hardy and free flowering and when established remains a lifetime. 12 for 90c, 100 for \$6.75.

LEUCOJUM AESTIVUM (Snowflake). Delightful nodding white flowers with green tips something like the snowdrops but much taller and later. There are about four flowers on a stem that are quite suitable for cutting. When established, they produce large quantities of flowers. The bulb looks like a small narcissus bulb and the culture is the same as for narcissus. 12 for \$1.10, 100 for \$8.25.

SCILLA SIBIRICA. A very early little flower with the most enchanting bright blue color. Several bell-shaped flowers on stems 3 to 4 inches high. 12 for 70c, 100 for \$5.25.

SCILLA SIBIRICA SPRING BEAUTY. The flowers are about twice as tall and large as the regular type. The same wonderful blue coloring. 12 for \$1.00, 100 for \$7.50.

TRITELEIA UNIFLORA VIOLACEA (Spring Star Flower). Each 3-inch stem bears a single pale blue flower with white center. Delightfully fragrant. Excellent in the rocky or under trees and shrubs. The bulbs increase rapidly and soon carpet the ground. 12 for 70c, 100 for \$5.00.

SPARAXIS

TECOLOTE HYBRIDS. The highly colored blossoms with their vividly contrasting centers make a very effective display. Most of the flowers are shades of red, orange and salmon with centers of black, violet, or yellow. Others have no markings. Plant in fall or early winter, 3 inches deep, in full sun. Give some protection in very cold weather. 12 for 75c, 100 for \$5.50.

LEMON GLORY. A new selection from the Tecolote Hybrids. Beautiful lemon yellow petals, golden yellow throat. 12 for 80c, 100 for \$6.00.

ANEMONES

Few plants add as much color and brightness to the garden as the anemones, and for such a small cost. Where the winters are mild the blossoms commence to appear in midwinter bringing promise of the grand display to come later.

ANEMONE MONARCH DE CAEN. A robust strain of the single poppy type anemone with immense flowers on long strong stems. The colors are shades of scarlet, pink, lavender and blue. 12 for 75c, 100 for \$5.50.

ST. BRIGID-CREAGH CASTLE. The plantings of this noted strain were a sight never to be forgotten. Glorious large double flowers of brilliant red, pink, and blue and softer shades above attractive deep green foliage. There is probably no better strain on the market. 12 for 85c, 100 for \$6.50.

BLUE POPPY. A beautiful strain of deep blue. Large single flowers on strong stems. 12 for 85c, 100 for \$6.50.

HIS EXCELLENCY. Vivid red flowers with a white base. Large single poppy type anemone. 12 for 85c, 100 for \$6.50.

ROSE PINK. Giant single blossoms of clear rose-pink on strong stems. 12 for 85c, 100 for \$6.50.

THE BRIDE. Large single pure white. Strong and vigorous growth. The stamens and central boss are white slightly tinged with green. 12 for 85c, 100 for \$6.50.

SINGLE ANEMONE COLLECTION

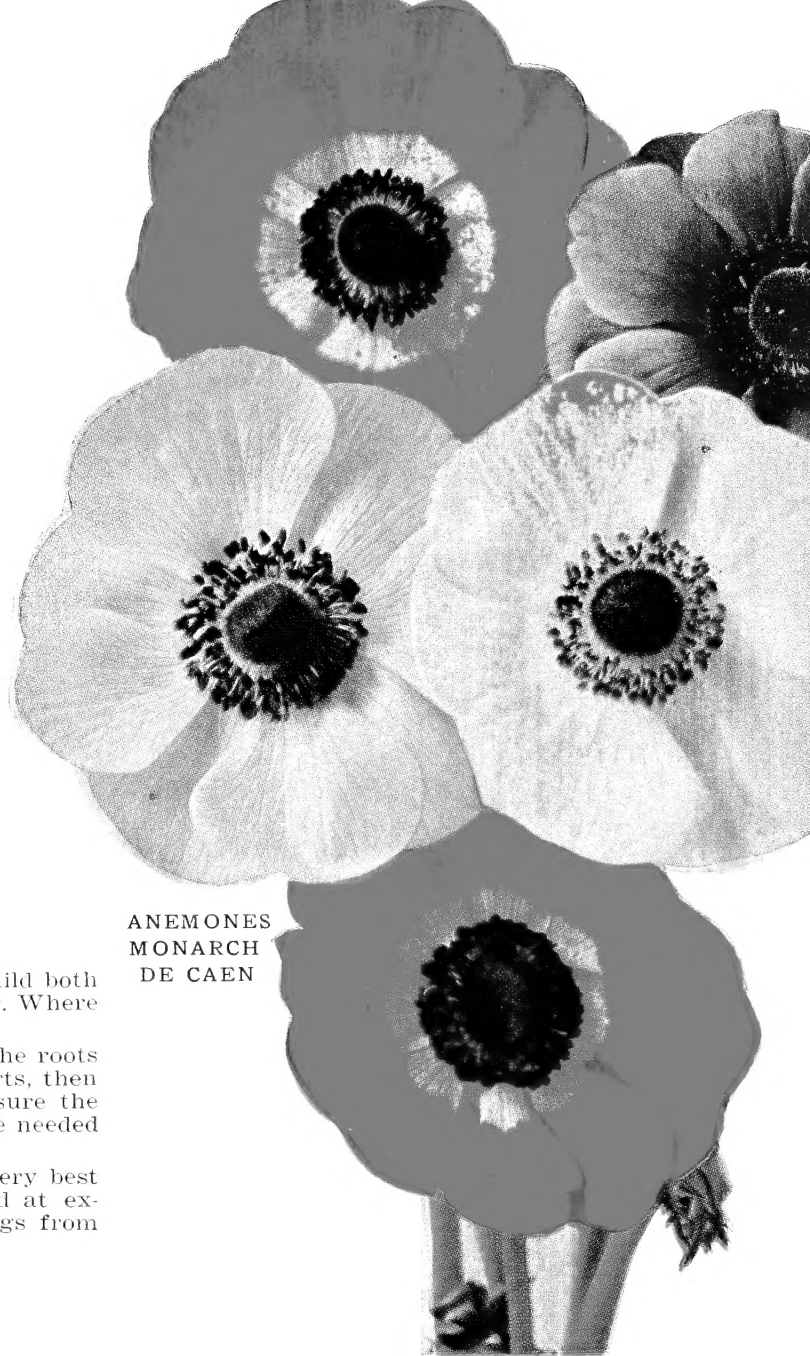

12 each of the four separate colors (48 bulbs) for.....\$3.25
25 each (100 bulbs) for \$6.50, 100 each (400 bulbs) for.....\$24.75

HOW TO GROW THEM

Along the Pacific Coast or in other areas where the winters are mild both Anemones and Ranunculi can be planted any time in the fall or winter. Where the winters are more severe, they are best planted in early spring.

The best method of starting Anemones and Ranunculi is to place the roots in moist sand in a moderately warm place until new root growth starts, then plant out in loose sandy soil, covering about 2 inches deep. Make sure the drainage is good. A good supply of plant food and plenty of water are needed during the spring to produce large flowers.

Unless otherwise specified, our bulbs are of the No. 1 grade of the very best quality. Please do not confuse these with bargain lots being offered at extremely low prices. These are usually No. 4 grade or even sweepings from the bulb house floor.

ANEMONES
MONARCH
DE CAEN

RANUNCULUS, TECOLOTE GIANTS

RANUNCULUS

If you have not tried these new types of Ranunculi, we suggest that you give them a trial this year. The large size of the double flowers, profusion of blossoms and beauty of coloring combine to make them outstanding.

For several years we have been compelled to limit our customers in their purchases of Ranunculus bulbs but we think our supply will be ample for everybody this year.

TECOLOTE GIANTS MIXED. Exacting selection has made this the finest strain that can be obtained. If well grown the flowers will be almost 100 per cent double. Poor growing conditions and late planting increase the proportion of single flowers. The colors are magnificent, varying from pure white and yellow through orange scarlet and pink to deepest red.

Top size. For those who want something especially fine we have a limited quantity of these extra large roots. 12 for \$1.20, 100 for \$9.00.

No. 1 size. The standard large size root. If given reasonable care, these bulbs will make a magnificent display. 12 for 85c, 100 for \$6.50.

No. 2 size. These are just smaller size bulbs of the same choice strain. We only recommend them for warm sections where Ranunculi grow especially well. 25 for \$1.00, 100 for \$3.75.

GOLDEN YELLOW. Splendid large double flowers of brilliant golden yellow. One of the finest ranunculi. 12 for \$1.00, 100 for \$7.50.

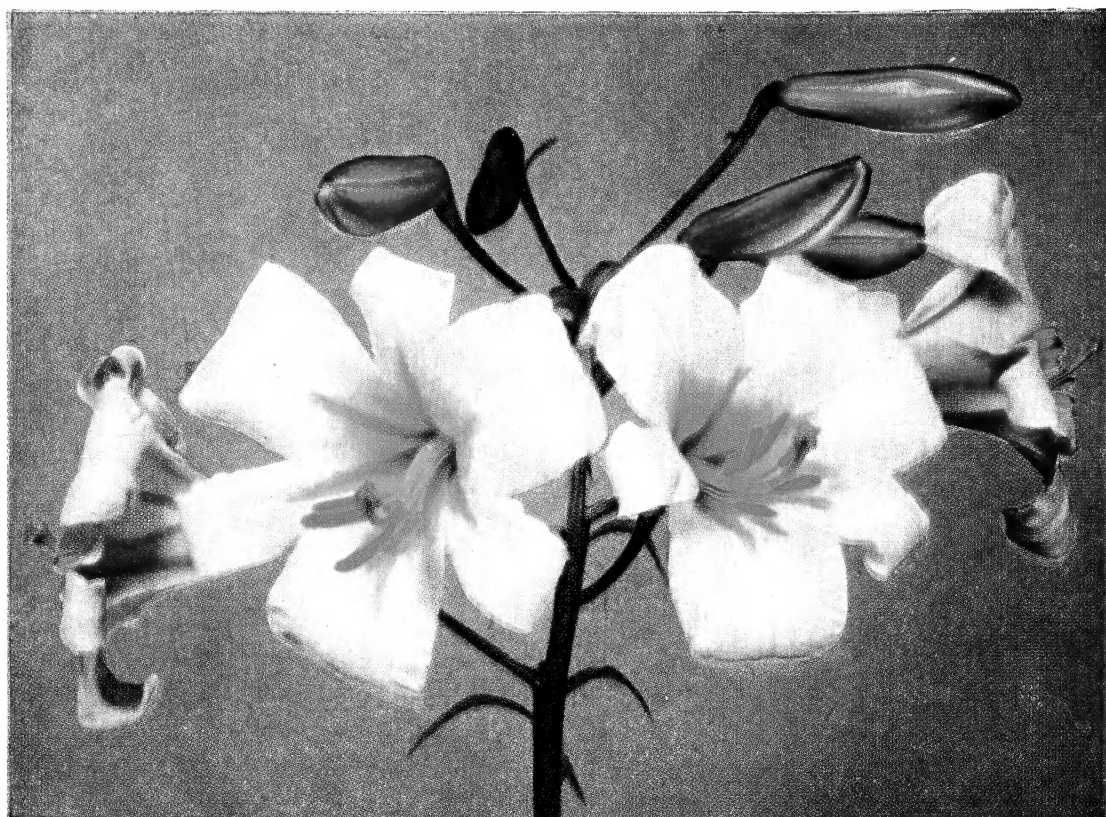

ORANGE SHADES. A new selection that has attracted much attention because of the brilliance of the color. 12 for \$1.00, 100 for \$7.50.

PINK SHADES. Delightful pink flowers in many lovely shades. 12 for \$1.00, 100 for \$7.50.

RED SHADES. This strain contains many shades of red from orange-red to deep crimson. Large flowers. 12 for \$1.00, 100 for \$7.50.

WHITE SHADES. A very popular new selection of beautiful double white flowers. 12 for \$1.00, 100 for \$7.50.

HARDY

IMPROVED REGAL LILY

BELLINGHAM HYBRIDS. The result of a large number of crosses of the various West Coast native lilies. Because *L. Parryi* was used in the crosses, many of the hybrids are pure yellow. All of them have brilliantly colored flowers and are exceptionally fine for planting in the border or woodland. **Each \$1.00, 3 for \$2.75, 12 for \$10.00.**

CANDIDUM (Madonna or St. Joseph's Lily). A tall stately lily with pure waxy white blossoms. Delicious fragrance. Early June to July flowering. Plant in early fall preferably in open sun where the ground will dry out in late summer. Does not like acid soil. Do not cover more than 2 inches. **No Shipments after October 1st.** Strong flowering size bulbs. **40c each, 3 for \$1.10. Large bulbs, 75c each, 3 for \$2.00.**

CENTIFOLIUM HYBRIDS. Olympic Strain. This strain is extremely tall, averaging over 6 feet. The trumpets are very large, widely flaring and vary in color from creamy-white to pale yellow and greenish-white. The outside of the flower is unusually suffused with brown. The variation in color of this strain adds to its attractiveness for garden decoration. Very fragrant. **Each 50c, 3 for \$1.35, 12 for \$4.80.**

FORMOSANUM. This is a reselection of Wilson's strain chosen for tall stems and large flowers of heavy substance. Nearly all the long trumpet shaped flowers are pure white with greenish throat. Some are shaded with brown on the outside. The stems are usually from four to six feet high with up to a dozen of the pleasingly fragrant blossoms which appear in September and October. Medium size bulbs, **Each 35c, 3 for \$1.00, 12 for \$3.50.**

HUMBOLTH. A California native that is very desirable for gardens, growing in either full sun or light shade. The strong stems are usually 4 to 5 feet high with numerous large orange flowers marked with small maroon spots. **Each 75c, 3 for \$2.05, 12 for \$7.50.**

LONGIFLORUM CREOLE WHITEHURST. Because of its tall stem and fine large flowers, this is considered the best Easter Lily for outside planting. Large pure white trumpets of fine quality. Very fragrant. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

REGALE. A most dependable and hardy trumpet lily which is worthy of a place in any garden. The large recurving trumpets are white shading to yellow in the throat. The ribs on the outside are brown. It is very floriferous and when established bears up to two dozen flowers. Medium size bulbs **Each 25c, 3 for 70c, 12 for \$2.50.**

SHUKSAN. This is the best of the hybrids developed by the late Dr. Griffith at Bellingham. It is a vigorous growing variety, often 5 to 6 feet high. The recurved blossoms are cadmium yellow dotted black and shaded with red at the tips of the petals. Plant 6 to 8 inches deep in partial shade. Likes porous and drained soil. October and November delivery. Strong healthy bulbs. **Each 75c, 3 for \$2.00, 12 for \$7.50.**

SPECIOSUM RUBRUM. Elkton Strain. We are pleased to be able to offer this splendid lily developed by our friend W. J. Billick of Elkton, Oregon. It is one of the finest of the rubrum type with large six petaled flowers of deep bright pink. The plants are vigorous growing and free-flowering. These home grown bulbs are free from mosaic disease that causes so much trouble with this lily. Good flowering size bulbs that should give five to eight blooms the first year. **Each \$1.25, 3 for \$3.40, 12 for \$12.00.**

SUNSET LILY (*L. Pardalinum Giganteum*). A very popular lily of brilliant coloring and vigorous growth. When established the strong stems are five to seven feet high with as many as 40 flowers. The outer part of the recurved flower is bright scarlet, the center is chrome yellow dotted maroon. It grows well in almost any soil and under a wide variety of conditions but should have an ample supply of moisture during the growing season. **Each 35c, 3 for \$1.00, 12 for \$3.50.**

LILIUM UMBELLATUM GRANDIFLORUM

GARDEN LILIES

TENUIFOLIUM (Pumillum) Coral Lily. Brilliant coral-red recurving blossoms of waxy texture. As many as 20 flowers on a slender graceful stem with long narrow foliage. Very early flowering. The best lily for rock gardens. Plant 4 to 5 inches deep in light sandy soil in full sun. 3 for \$1.00, 12 for \$3.00.

UMBELLATUM GRANDIFLORUM. An upright flowering lily with several cup-shaped flowers of bright orange-red on strong stems of medium height. It is easily grown and increases rapidly. Each 40c, 3 for \$1.10, 12 for \$4.00

UMBELLATUM HYBRIDS GOLDEN CHALICE. Magnificent new hybrids of the upright flowering type. They show an unusual variety of clear bright colors. Highly recommended as garden plants. Each \$1.25, 3 for \$3.45, 12 for \$12.50.

WASHINGTONIANUM. This is the beautiful Mt. Hood lily of the Pacific Northwest. The large trumpet shaped flowers are white on opening but sometimes change to wine color. The spicy fragrance is delightful. The plant usually grows from 3 to 5 feet tall with stout stems and attractive foliage in whorls. Each \$1.00, 3 for \$2.75, 12 for \$10.00.

FROM BAINBRIDGE, GA.:

"All of the bulbs received from you have been so satisfactory I have given your name to a number of my friends."

FROM ROME, NEW YORK:

"I received my order of narcissus bulbs and they were as fine as always."

FROM LA PORTE CITY, IOWA:

"I always like the bulbs we get from you. They are of high quality and sure bloomers."

FORMOSANUM

HARDY LILY COLLECTION

The four varieties pictured here: Formosanum, Regale, Sunset, Umbellatum. They are all distinct attractive lilies and can be grown by anyone with very little care. This is a long season collection extending from Umbellatum in June to Formosanum in October.

3 each—12 bulbs \$ 3.45

6 each—24 bulbs 6.60

12 each—48 bulbs 12.50

Galanthus	28	Tulips	14-23

TERMS

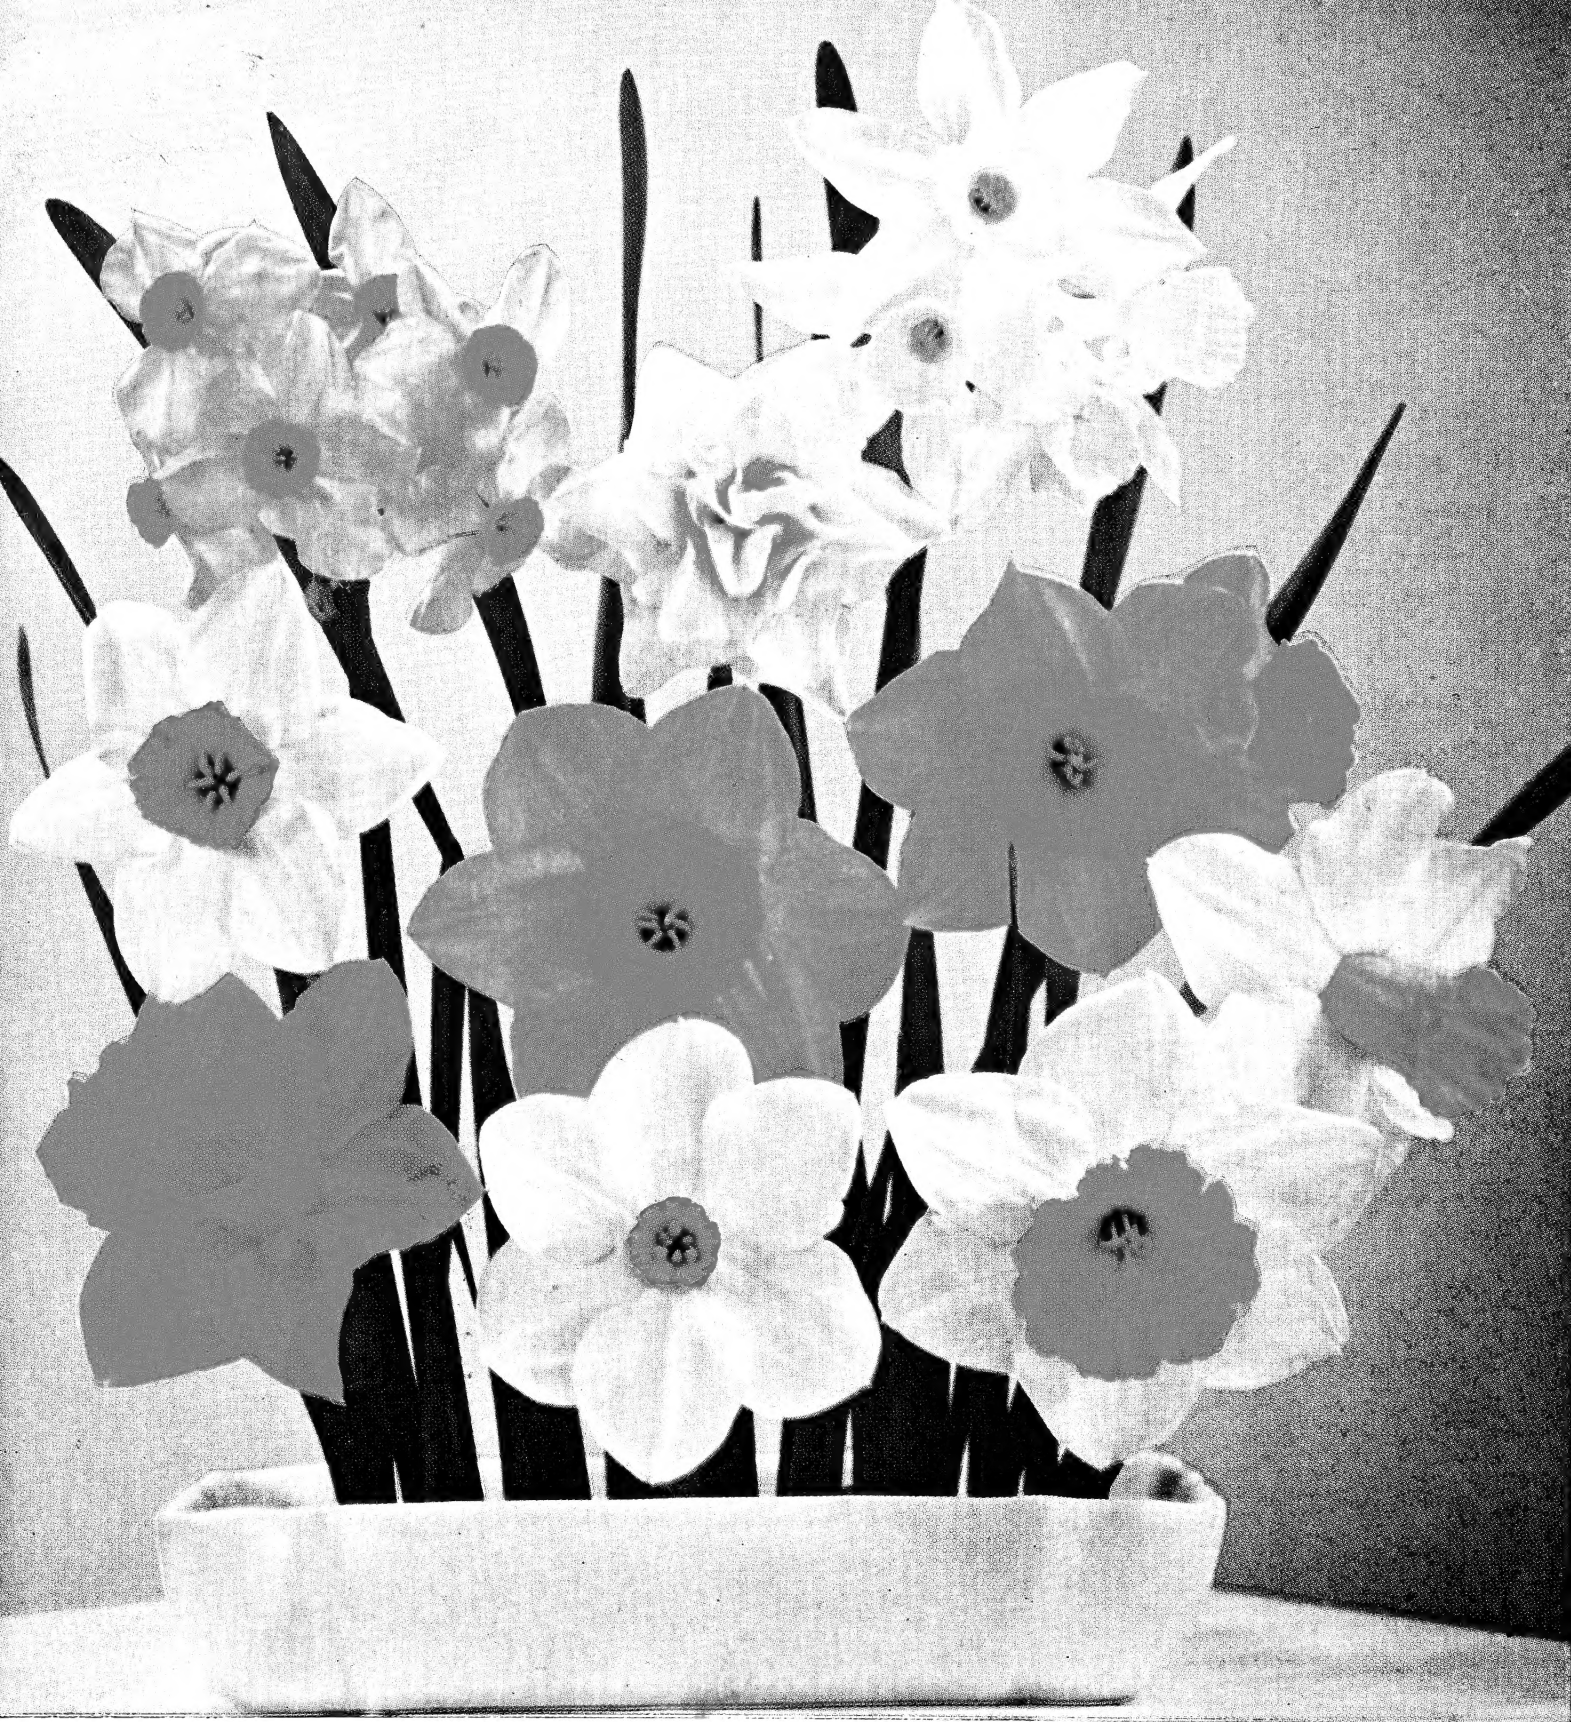

This catalog cancels all previous prices. No orders accepted after December 1, except for Anemones and Ranunculi, if unsold these are available until April 1. Daffodils that are quoted by the "Each" will not be available after November 1—they deserve early planting.

Please do not order less than six of a variety unless an "Each" or "3" price is given—there is a serious shortage of help and paper bags this year.

No C.O.D. orders please. If you are not satisfied with the bulbs send them back and we will promptly refund your money. All bulbs guaranteed true to name.

The filling of your order will be simplified if you use the order blank. If a letter accompanies the order please use a separate sheet.

Please print name and address plainly.
